114th ANNUAL REPORT

Fiscal Year

July 1, 2005 - June 30, 2006

CITY OF

RUTLAND, VERMONT

This Annual Report of the City of Rutland is Dedicated to The College of Saint Joseph the Provider

It is with great pleasure that I dedicate this year's 2006 City Report to the College of Saint Joseph, celebrating fifty years as an enriching and vital part of the fabric of Rutland community.

After years of educating their members within the wall of the motherhouse on Convent Avenue in Rutland, the Sisters of St. Joseph of Rutland purchased the campus of Rutland Junior College to establish a training center for their young novices and continue their education in the sisters' normal school. In 1956, a core group of courageous women lead by Sister Mary Matthew McDevitt, the college's first president, formed St. Joseph's Teacher's College.

To foster the growth of the fledgling college she formed an affiliation with Catholic University of America. In 1960 the college was approved by the State of Vermont to confer the Bachelor of Science in education and the name of the college was changed to College of St. Joseph the Provider. That year the first graduation was held and three sisters received their bachelor of science in education. For 12 years the college served only members of the congregation.

In 1962, because of a teacher shortage, the congregation decided to admit lay women interested in elementary education. Nine brave lay women enrolled in the fall of 1962. A double trailer was purchased in 1964 and placed near the school building as a residence hall for 8 freshmen. In May of 1965, the first lay students, Michelle Anne Ford and Marita Lillian Peters, graduated from the college in a ceremony held in the Mount St. Joseph Academy auditorium.

In the fall of 1965, Sister Mary Imelda Welch became the second president of the College. The rapid growth of the College resulted in a critical need for both dormitory and classroom space. In 1967 the first dormitory, Roncalli Hall, was completed. The following year St. Joseph Hall was completed with 8 classrooms, 2 science laboratories, a language laboratory and an auditorium/gymnasium. Continued growth resulted in the need for a second dormitory, and in 1969 Medaille Hall was completed. In the late sixties, the college attained candidacy in the New England Association of Schools and College, Inc., New England's regional accrediting body.

Under Sister Imelda's administration, the College became co-ed in the fall of 1971 and enrolled six male students. She also introduced men's basketball to student services in 1972 and moved the educational programs forward to include programs in special education, early childhood education, library science and the master's degree in education. In 1972, CSJP became a full member of the New England Association of Schools and Colleges, Inc.

On June 1, 1974 Sr. Mary Polworth, a Burlington, Vermont native and former executive vice-president of CSJP, became the third president. Her focus was on promoting the college within the community to increase its visibility. Under her administration academic programs in business administration, human services, and liberal studies were added to the CSJP curriculum. In addition, the women's basketball team, called the Saintinettes made its official debut in November of 1974. By fall of 1976 about half of the faculty were Sisters of St. Joseph, half were lay faculty and there were two priests on the staff. Tuition, room and board that year totaled \$3,000.

In 1983, the board of trustee appointed the first lay president in the history of the college, Dr. Frank Miglorie. Miglorie had served as a full-time faculty member at the college for nine years and as its Academic Dean for four years under Sr. Mary Polworth. The board also made another significant change in 1983 when it changed the name of the college to College of St. Joseph. From the eighties through the nineties under Miglorie's leadership, the college's curriculum expanded to include 32 majors at the undergraduate and graduate level with special emphasis on programs for adult learners and graduate students. Campus expansion was also a priority.

In 1987, St. Joseph Hall underwent a major redesign, changing it from a one-story modern structure to two-story traditional building. In May of 1993, the Campaign for CSJ was launched. This was an ambitious 5-year capital campaign that transformed the campus with the addition of two new buildings and the relocation of the library. The first phase of the Campaign included the construction of the CSJ Athletic Center which was completed in 1995. In 1998, Tuttle Hall Student Center was completed.

The turn of the new century saw refinement of the curriculum and the design of new programs. These efforts to strengthen CSJ were enhanced by growth in the endowment and the creation of strategic alliances with organizations such as Vermont Department of Corrections, the American Red Cross, and Stafford Technical Center. In addition, efforts also focused on continuing to improve the campus and student services as evidenced by the construction of Giorgetti Library which opened in January 2006 thereby completing a ten-year, \$8,000,000 expansion program called ACCESS XXI.

As the College of St. Joseph moves into the next fifty years of its history, it seeks to achieve national recognition as a New England Catholic College that transforms its students into leaders who are competent, caring and service oriented persons and professionals.

Mayor's Message

John P. Cassarino, Mayor

To the Citizens of the City of Rutland

My time as Mayor has seen many changes in the administration of the City of Rutland. I have been fortunate enough to appoint a new commissioner of public works, a new fire chief, a new city clerk and two new treasurers. The treasurers were subsequently elected.

The City has also gone through a total reappraisal, the first one in 18 years. With the many changes in the values of properties, and the changes in education funding, this has had a huge impact on the taxpayers.

Costs are going up for all of us. The increased cost of fuel alone is an impact we all feel. The City is subject to the same increases, in fuel, electricity and health insurance premiums for our employees. While I have worked hard to control all of these costs, increases are inevitable.

Upon completion of the 2004 audit, it was found that the water and sewer funds were carrying large deficits. While these had been growing over the years, neither the Board of Aldermen nor I were aware of the existence of deficits in these accounts. The Board was compelled to institute two fee increases just in order to balance these accounts.

Additionally, because of these deficits, the general fund was also running at a deficit. Good management practices required that these deficits be taken care of.

In order to cover these sums, the City has borrowed \$5,000,000. The repayment of this is being amortized over several years in order to create less of an impact on the taxpayer and the ratepayers.

The roof of the water treatment facility has failed, and is being replaced. The cost of this project is approaching \$6 million. The sum is also covered by borrowing, but the City is working with the State of Vermont to obtain a low interest loan to cover this cost. Also, steps are being taken to ensure that any parties that should be responsible to the City for these sums will pay them.

Despite many financial challenges before me, the last year has been rewarding. We continued with the decorative streetlights on Center Street in the downtown, we have been working on sidewalks, and trying to get as much new pavement down on the streets as possible. I have worked with the Rutland Redevelopment Authority on many projects, especially the Railyard Relocation. We have obtained federal funds for the Route 4 & 7 projects, and for the replacement of the Dorr Bridge, which had a pavement failure last year. Works continues on the Regional Recreation Center.

It has been a pleasure to lead the City as Mayor during these rewarding and trying times.

Report of the President of the Board of Aldermen

David Allaire, President

To the citizens of the City of Rutland:

It is with pleasure I submit the Report of the Board of Aldermen.

First, I would like to recognize and thank the immediate Past President of the Board of Aldermen, Sharon Davis, for her commitment and dedication to the City of Rutland and its citizens.

The past year has been one of the most challenging years for the City of Rutland and its Board in the history of Rutland. From the failure of the roof at the Water Treatment Facility, the discovery of deficits in the Water and Sewer Fund, to the State mandated reappraisal of all properties, the Board has had an extremely heavy workload. Even though the debates have been heated and the decisions difficult, I can report that the Board has faced these issues with determination. Ultimately the City and its Taxpayers have been well-served by these very difficult decisions.

Several long-standing initiatives have continued to move forward. The Regional Recreation District continues progressing with the ultimate goal of building a Regional Recreation Facility for people of all ages to use and enjoy in the greater Rutland Region.

In transportation, the Routes 4 & 7 Project, as well as the Railyard Relocation Project continue to move forward with funding being realized for both initiatives.

In conclusion, on behalf of the Board of Aldermen, I would like to thank the Mayor, the Department Heads and all the city employees for working cooperatively with the Board.

Recognizing the challenges and issues of the past, and looking forward to the possibilities of the future, the Board of Aldermen thank the citizens of the City of Rutland.

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

*Residential

Report of the City Treasurer

Al Wilkinson, Treasurer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The 2005-2006 Fiscal year was a year of discovery for the Treasure's office. Treasurer William Shortle resigned 6 months after taking office and I was nominated by the Mayor and voted into office by the Board of Aldermen. Concurrent with my nomination the Mayor asked the State Auditor to review the city's financial statements and practices. Subsequently I was elected in March by the voters to complete the unexpired term of office.

Shortly after taking office I discovered the City was having financial issues. I worked with the State Auditors Office and began further automation and putting checks and balances in place. Several items were addressed during the fiscal year.

The Treasurer's Office has:

- We identified an approximate shortfall of \$5 Million. This appears to be primarily due to overspending by the enterprise accounts, but the exact situation will not be clear until the 2006 audit is complete. The Aldermen approved a long term loan to retire this debt.
- We identified, due the change in grand list software, that we would not be able to generate 2007 real estate and personal property tax bills. We started work with vendors to correct the situation in January.
- We found that departments did not have computer access to their financial information. We developed procedures and practices and they now have access.
- We developed an annual cash flow projection for the City and the School system to better project our borrowing needs and to maximize our efficient use of cash.
- We worked with banks to improve efficiencies', increase services', increase interest earned, and reduce overall banking costs.
- We became GAAP compliant with our reporting of delinquent collectable taxes, with the 2004 audit. This created a negative general fund accounting balance for fiscal year 2004 of \$520,596. This is a paper transaction and will not affect our ability to collect the taxes.
- We identified the critical need to automate the city's finances and have taken several steps to automate.
- We completed the audit for fiscal year 2004.

- We completed 2005 audit prior to June 30, 2006.

- We implemented paying all bills through our computer system (MUNIS) in April. This allows for complete tracking of all financial transactions and provides accountability.

Even though we have made a lot of progress we still have several projects to complete over the next several years, including becoming GASB34 compliant. In addition to our regular duties of preparing Property Tax and Water/Sewer bills, collection of these bills and providing information services to the general public and giving financial support to all departments in the City we will address our opportunities to improve in an efficient and systematic process. We will evaluate where we can gain the most efficiencies and savings and address these issues first.

Due to the overspending, a major problem with the roof at the water facility plant, and a major upgrade of the waste water filtration plant the City's long term debt rose from \$17,476,949.00 to \$22,156,672.53.

The Fiscal Year 2006 Financial Reports will be audited by an independent CPA firm.

Report of the Building Inspector/Zoning Administrator

James P. Simonds, Bldg. Inspector/Zoning Admin.

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit to you the annual report of the activities of the Building & Zoning Department for the fiscal year ending June 30, 2006. This year 1,271 Certificates of Occupancy were issued.

The breakdown for construction that has taken place this year is as follows:

193 Building Permits were issued:	<u>VALUE</u>
New Commercial Construction\$857,243.00
Commercial Renovations3,412,933.00
New Residential Construction3,924,636.00
Residential Renovations2,188,197.00
<u>Total Building Permit Fees Collected:</u>\$19,701.00

Other Fees Collected:

45 Electrical Permits\$1,260.00
25 Sign Permits800.00
37 Development Review Board Hearings3,700.00
5 Joint Development Review Board and Planning Commission Hearings500.00
2 Planning Commission Hearings250.00

In closing, I would like to thank the Mayor, Board of Aldermen, Development Review Board, Planning Commission, and City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Report of the Development Review Board

Stephanie A. Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Development Review Board is pleased to submit the annual report for fiscal year 2006. Board members are Stephanie A. Lorentz, Chairperson, Martha Hogan Henry, Jeff Washburn, Michael Brookman, Al Paul and alternate Jim Pelt. We held 37 hearings and 5 joint Development Review Board and Planning Commission Hearings. Hearings are scheduled on the 1st and 3rd Wednesdays of each month and are held in Aldermanic Chambers. The hearings are warned to give advance notice to the public so they may participate in the hearings. The Board's responsibilities include hearing zoning appeals, variances, conditional uses, site plan reviews, design control district reviews and subdivisions.

The Board wishes to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, Zoning Administrator, Carol Wagner, Clerk for the Development Review Board and the Mayor for their continued support of our efforts.

Report of the Legal Department
Christopher P. Sullivan, City Attorney and Grand Juror
Henry C. Brislin, Assistant City Attorney
To the Aldermen and Citizens of the City of Rutland:

The Legal Office continued to counsel and provide legal representation to the Mayor, Board of Aldermen, Department Heads and the various Boards and Commissions of the City throughout the 2006 fiscal year.

This office has worked closely with Mayor Cassarino, the Board of Aldermen, and the department heads assisting in the management of City Government with great emphasis on increasing the Grand List, increasing efficiency, and reducing costs focusing on the best interests of the City.

The City started the reappraisal process this year. This office worked with the Mayor, Assessor and others, to assist in the commencement of the project.

This office negotiates with the various Unions of the City. Negotiations with the Fire Department were finalized and brought a fair resolution for the taxpayers of the City as well as providing good salaries and benefits for the employees. A focus of the negotiations this year was in regard to retirement for the Firefighters, recognizing the nature of their job. Negotiations with Police were still ongoing at the end of the year.

The concrete panels forming the roof of the Water Treatment Facility evidence signs of failure, and the City has been working to properly shore up those panels to prevent their collapse into the water filters. This collapse could create problems for the proper filtering of water for the users of the City water system as well as being a danger to the employees of the department.

Contracts were entered into with the engineering firm of Stantec and with Pizzagalli Construction Company for the installation of the necessary shoring and for the necessary work to bring about the ultimate replacement of the roofing panels.

Additionally, the City has employed a specialist in construction law and a forensic engineering firm to determine the causes of the failure and to ensure that the interests of the City are adequately protected.

The City has been involved with other litigation against the City of Rutland. An action was filed against the Police Department alleging discrimination. Also, a young girl was injured on playground equipment and litigation has occurred as a result of that. This office coordinates with outside attorneys retained by the Vermont League of Cities and Towns. This office is constantly involved in every portion of these matters from discovery to motions filed in court and monitors the litigation from beginning to end.

Many other claims are also made against the City for various reasons. While most of those are handled through the Vermont League of Cities and Towns, the legal office is always kept up to date and ultimately provides approval for any resolution of the claims.

It's been a busy and productive year. It's been a pleasure representing the interests of the City and this office looks forward to continuing to provide the legal services to the City of Rutland this coming year.

Report of the Office of the City Clerk
Rodney D. Pulsifer, City Clerk
To the Citizens of the City of Rutland:

The following is the report of the City Clerk for the year ending June 30, 2006.

FY 2006 has been a busy year for the Office of the City Clerk. First, I would like thank the staff, Susan Clark, Deputy Clerk, Patricia Marceau, 1st Asst. Clerk and Sara Magro, Purchasing Agent, for their hard work and dedication to the City during this past year, I would also like to thank substitute employees Shirley Davidson, Meg Grace and Chris Baranowski, all of whom are always available at the last minute to fill an unexpected vacancy in the office or to assist with an unexpected addition to the workload. Our office now provides the service being able to obtain hunting and fishing licenses. We are also in the process of finalizing paperwork with the Dept. of Motor Vehicles so that our office will be able to provide temporary motor vehicle registrations. Our biggest change in the office this last year was that of the indexing of land records. As of April 10, 2006 the recording of land records are fully automated. This new system not only allows for a search by names, document types, address, etc, but also allows for a viewing of the documents on the computer once that information has been located. Another major change this past year was that in elections. All towns and cities are now part of a statewide voter checklist called HAVA. Though voters are still added and removed locally, this network provides the ability for the clerks to locate voters anywhere in the State of Vermont. Please remember that the minutes to the Board of Aldermen's meetings, the Charter for the City of Rutland, ordinances, fees, business license information and other information may be located under the City Clerk's department at our web site at www.rutlandcity.com. Our office looks forward to serving the citizens of the City of Rutland in the upcoming year.

Rodney D. Pulsifer, City Clerk

FY 2006 REVENUE GENERATED BY THE CITY CLERK'S OFFICE
TOTAL \$234,169.59

LAND RECORDS:
17,634 pages of land records were received, recorded and microfilmed by our office. The cost of record land records is \$7.00 per page. This fee is set by state statute.

VAULT RESERARCH:
2702 people signed into the City Clerk's vault to research land records and vital records. The vault is open to the public from 9:00 a.m. until 4:45 p.m. Monday through Friday at a fee of \$2.00 per hour.

VITAL RECORDS:
Certified copies of Rutland City Vital Records are available at \$9.50 for each copy. They may be obtained by stopping into our office or by mail. If you stop in it only takes a few minutes to obtain a certified copy of a record.

LICENSES:

Our office issued the following licenses to date for the current licensing year:

50	First Class Beverage Licenses
32	Second Class Beverage Licenses
49	Tobacco Licenses
1	Bowling Alley
11	Circus, Fair & Carnival Licenses
66	Coin Machine
14	Entertainment Club Permits
2	Farmers' Market
11	HotellMotel/Inn
7	Peddler/Solicitor/Transient/Merchant
26	Pool Table
112	Restaurants and Victual Establishments
2	Theater

DOG LICENSES:

1133 dog licenses were issued to date. We begin issuing dog licenses the second week of January of each year. All dogs must be licensed at 6 months of age. The deadline for licensing dogs throughout Vermont is April 1st of each year. After April 1st dogs must still be licensed but there is a penalty fee in addition to the regular license fee.

DOG LICENSE FEES:

Spayed or neutered dogs licensed before April 1st:	\$12.00
Un-spayed or un-neutered dogs licensed before April 1st:	\$16.00
Spayed or neutered dogs licensed after April 1st:	\$15.00
Un-spayed or un-neutered dogs licensed after April 1st:	\$21.00

To license a dog in Vermont you must provide the clerk with an original Vermont rabies certificate and if the dog has been spayed or neutered we must also see the spaying or neutering certificate. Dogs cannot be licensed through the mail.

ELECTIONS:

Changing your voting address or registering to vote: If you are registered to vote in Rutland City and have moved to a new address with the City you may change your voting address over the phone by calling our office at 773-1801. If you have moved to Rutland City from another town or State you can stop by our office up to 10 days before any election and register to vote. It only takes a few minutes.

MARCH 7, 2006 ANNUAL CITY ELECTIONS:

Eligible Voters:9986

One to One Program, Retired Senior Volunteer Program,	
Southwestern Vermont Council on Aging and Inter-age	...\$36,975
VT Adult Learning/Adult Basic Education\$9,000
TOTAL	\$284,506.00

Rutland Fire Department

Robert Schlachter Jr., Chief Engineer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

It is again my pleasure to report on the status of your Fire Department. During the past fiscal year we have continued to update equipment and training to better serve the needs of our citizens. It is an honor and privilege to serve as your Chief Engineer.

YOUR FIRE DEPARTMENT AT WORK

During the fiscal year ending June 30, 2006, the Rutland Fire Department responded to 1,545 requests for assistance. There were 1,228 alarms and 317 special service requests. Included in the alarm data there were (58) second alarms transmitted for fires and emergencies requiring an additional shift. Of the second alarm calls (43) were in the Town of Mendon where we provide contract fire protection services for the entire town. There were (3) third alarms and (13) general alarms called during this period. The general alarms were at 140 Curtis Avenue, 24 Emmett Ave, 73 Grove Street, 77 Jackson Avenue, 138 North Main Street, 211 North Main Street, 1 Scale Avenue, 156 South Street, 12 Southern Boulevard, 168 Spruce Street on November 2, 2005 and again on May 3, 2006 and 162 State Street. Unfortunately the City had one fire related civilian fatality occurring on February 28, 2005 at 112 Crescent Street. The department responded to five mutual aid requests from surrounding communities and used mutual aid eleven times.

The City also dealt with a serial arson situation during this period 37 trash containers and dumpsters were set on fire. Some of these arson fires spread to adjacent structures and facilities. The quick action of your fire department kept most of these fires from doing major damage. This situation was a major threat to our community and the investigations are being handled through the joint efforts of the Rutland City Fire Department, Rutland City Police Department and the Vermont State Police Fire Investigation Unit. The Rutland Fire Department would like to thank everyone who participated and cooperated in the investigations. Our special thanks also go to members of the greater Rutland community who cooperated with arson prevention efforts and who answered the call to be watchful in their neighborhoods.

In addition to responding to alarms and requests for assistance, members of your fire department presented fire prevention and public fire safety education programs, worked many hours maintaining, testing and upgrading the municipal fire alarm system, handled traffic signal complaints, and hung many banners downtown for community promotion. Members participated in projects to maintain and repair the Central Fire Station and the apparatus saving the city a considerable sum of money over contracting the work out. We also rescued a few pets during the year.

PERSONNEL

In 2006 firefighter Miles "Skip" Pratico retired from the department after serving over 24 years with the Rutland Fire Department. We wish him well in his retirement and thank him for his service to the City. In June 2006 firefighter John Fagan resigned from the Rutland Fire

Department to pursue a career with the Fire Department of the City of New York. This is his lifelong dream and we wish him well in his career with FDNY. During the fiscal year three part-time substitute firefighters were promoted to the rank of full time firefighter. Those promoted to full time status were Michael Roy, Rodney Kenyon and Daniel Gedney.

TRAINING

Members of the Rutland Fire Department attend many training sessions to maintain and improve their emergency response skills. Regular training includes classes and drills at the fire station, and at locations around the city. Typically members spend at least one hour per day on training activities. Members of the department attended six days of technical rescue training funded by a Vermont Homeland Security Training Grant and are now qualified to perform rope, confined space and trench rescue. Several members also attended the National Fire Academy in Emmitsburg Maryland.

Members of the Rutland Fire Department completed additional, specialized training in aircraft crash, fire and rescue response as part of an agreement to provide these services at the Rutland State Airport. Without the participation of the Rutland Fire Department the FAA Certification for commercial flights at our regional airport would have been in jeopardy. This training has been paid for by a grant from the Vermont Agency of Transportation. Members are also attending "live fire" aircraft rescue training at the New Hampshire Fire Academy in Concord.

Several members of our department serve as instructors for the Vermont Fire Academy. This is a credit to the individuals and our department.

In June of 2006 Firefighter Donald Adams completed the Fire Officer I and II program held at the Hartford, Vermont Fire Department and was honored as class Salutorian. Congratulations firefighter Adams!

In the fall of 2006, twelve additional members of the Rutland Fire Department will attend Fire Officer I and II training at the Rutland Fire Department. This training is paid for by the Assistance to Firefighters Grant program administered by the U.S. Fire Administration! Department of Homeland Security. This shows the strong level of dedication, interest and commitment, many of our personnel display as they improve their skills to help shape the future of the Rutland Fire Department.

EQUIPMENT

The department fleet consists of 4 Engines, 1 Aerial Platform, a Fire Alarm Service Vehicle and two Support Service Trucks. Our 102-foot Aerial Platform is nearing the end of its service life and should be replaced within the next few years as is Engine 2.

GRANTS

During the fiscal year we continued administer several homeland security grants and federal fire act grants. These grants have allowed us to purchase equipment for response to possible acts of terrorism, hazardous materials incidents and general operations.

The department received a Federal Fire Act Grant that has been used to replace the 35 year-old emergency generator at the fire station and install equipment to clean and decontaminate our protective clothing. We were also able to purchase a new thermal imaging camera, and updating our training room and training materials.

We have applied for a 2006 Fire Act Grant and are awaiting word on our status. These grants are very competitive and there are very limited resources allocated to these programs. We will continue to apply for grants to improve and update our equipment and facilities. Grants cannot however, be used to replace funds normally allocated by the community for fire/rescue services this would be considered supplanting and is not permitted. The amount of grant money available to rural states under the Federal Homeland Security program is shrinking and the scope of these grants is shifting from individual communities to regional and state programs.

We continue to purchase equipment and take advanced training for technical rescue. This equipment and training will be used for situations where a person(s) may require rescue from a structural collapse, trench collapse, height, confined space, water or other special situations. The City of Rutland and our contract customers have many areas where technical rescue services may be required. Responding to such situations has been something the Fire Department has done dating back at least to the administration of Chief Alfred Koltonski.

This equipment is being purchased at no cost to the city taxpayers. The trailer and equipment will be available for response within the city and to surrounding communities when requested. A condition of this grant is that the trailer, equipment and limited number of trained personnel are available to respond in the region and possibly in other parts of the state if a major emergency occurs. This will be a form of mutual aid and if Rutland needs additional resources in a major emergency/disaster we will be able to request the resources from other trained and equipped organizations in the State.

Our community has many places where technical rescue may be needed. They included but are not limited to tall structures, manholes, industrial equipment, Otter Creek, ponds, streams, culverts, trenches, permit required confined spaces at industrial sites as well as confined spaces at public facilities such as those for water and wastewater treatment. There is no other agency in the immediate area that provides these services and time is of the essence when someone needs rescue.

Rescue should not be confused with Emergency Medical Services which are provided by Regional Ambulance Service. Rescue is normally provided by the Fire Department and involves getting the person(s) out of danger and into the care of the EMS system.

THE FUTURE

Your Rutland Fire Department is always looking toward the future and for better ways to meet the emergency service needs of the community. We will continue to work toward improving our hazardous materials response and technical rescue skills to help meet whatever natural or manmade emergency might involve our community.

Members will continue training to maintain their skills, and to keep current with changes and trends in emergency response. While Rutland is a small city our fire department is called upon to perform many specialized tasks. The fire department must be prepared within the limits of available financial resources to deal with special rescue situations, hazardous materials emergencies and possible acts of terrorism in addition to fires, floods and other natural disasters. We will continue to work closely with other city departments. We will also continue our close working relationship with the fire departments in surrounding towns under the Rutland County Fire Mutual Aid agreement in meeting the emergency needs of the city and region.

CHIEF ENGINEER

As your Chief Engineer, I work to make sure your Rutland Fire Department is trained, and equipped to handle the emergency situations that may affect Rutland. I attend many meetings representing the City and the Fire Department in the City of Rutland, in surrounding towns, at the Vermont Fire Academy in Pittsford, and in Montpelier and Waterbury. These meetings are important as to make sure Rutland is represented at the local, regional and state level for planning and to help obtain grants. I also attend meetings of Rutland United Neighborhoods and other community groups as requested. I attend training at the National Emergency Training Center in Emmitsburg, Maryland and other training to maintain and upgrade my knowledge and skills in fire and emergency management. In addition to my duties as Chief Engineer, I serve as City Emergency Management Director and City Safety Officer. I represent the Fire Service on the Governors Homeland Security Advisory Council and the Vermont Enhanced 911 Board. During the spring, I filled in for a short time while Jim Simonds and Pam Petrie were unable to do inspections.

OPEN BURNING

We receive numerous complaints about people burning anything from brush to trash in the city. The following information is provided regarding open burning within the City of Rutland. Due to the fact that the City is so densely populated open burning is not permitted without a permit from the Chief Engineer. Such permits are only issued for the occasional bonfire at a school or college, or for emergency situations. Cooking fires are permitted but only clean untreated wood, charcoal or LP gas may be used for fuel.

On behalf of the Fire Department, I would like to thank the Mayor, Board of Aldermen, City Hall Staff Members, School Department, DPW and all city officials and employees who assisted the Fire Department during the past year. We again offer a special thanks to the citizens of our city for their continued support of their Fire Department. A very special thank you to our Mutual Aid partners for their assistance, many times this past year with emergencies and special projects.

I would also like to thank the officers and members of the Rutland Fire Department who have worked with me this year to serve the community and who strive to make our department better.

In closing as I write this report it appears that the cost of home heating fuels will be high-

er again this coming winter. I would like to offer some suggestions to the citizens of Rutland in an effort to prevent the loss of life and property due to fire.

- Install and maintain smoke alarms on every level of your home/apartment and in each sleeping room. Make sure they are working. If your smoke alarms are powered by a battery, change the battery every six months and test the smoke alarm regularly.
- Install and maintain Carbon Monoxide alarms in your home. Carbon monoxide is a deadly, colorless, odorless, gas that is produced by burning fuel. Carbon Monoxide alarms can alert you to the presence of this gas before it becomes a problem.
- Have your heating system inspected and serviced by a qualified technician before winter weather hits.
- If you burn wood or coal have your chimney cleaned and inspected prior to the heating season and inspect and clean it regularly during the heating season.
- If you have gas fireplaces or heater(s) have them inspected and serviced by qualified gas technicians and make sure the venting system is in good condition and supply air intakes are clear of obstruction to reduce the possibility of Carbon Monoxide poisoning.
- Have an emergency escape plan make sure everyone in your home knows the plan and practices it. Have a designated meeting place away from the building.
- If you have any type of fire no matter how small, call the fire department. Many structure fires start as chimney fires. If your smoke alarm or Carbon Monoxide alarm sounds call the fire department. Use a fire extinguisher only if you can do so safely and have an exit at your back and have someone call the fire department.
- Keep fuels such as LP Gas, Kerosene and Gasoline outside your home. Do not store them in the basement or in the house.
- If you use space heaters make sure they are in good condition and keep them away from things that may burn such as paper, plastic, clothing, furniture, and bedding.
- Keep your exits clear of ice and snow and do not obstruct exits with furniture, storage items or appliances.

For more information about fire safety contact the Rutland Fire Department at 773-1812.

Respectfully Submitted:
Robert L. Schlachter, Jr. Chief Engineer

Rutland City Planning Commission

John A. Facey, III, Chairman

To Mayor John Cassarino, Honorable Board of Aldermen
and Citizens of the City of Rutland:

This Report will summarize the activities of the Rutland City Planning Commission during the fiscal year beginning July 1, 2005 and ending on June 30, 2006. This year saw the implementation of the Development Review Board (DRB) element of the new Rutland City Zoning Regulations. This meant that the Planning Commission no longer reviewed projects pursuant to the Zoning Regulations and the DRB undertook that function. Because the City's Subdivision Regulations have yet to be changed, however, the Commission still reviews subdivision proposals. The Planning Commission has undertaken an overhaul of the Subdivision Regulations which will eventually mean that all proposals will be reviewed by one board, the DRB, in the future.

As of June 30, 2006, the Commission consisted of Jack Facey, Chair, Peter Giancola, Vice Chair, Alvin Figiel, Melissa Hayden and Helen Fitzpatrick. The Planning Commission generally meets on the first and third Wednesdays of the month at 7:00 P.M. in the Rutland City Aldermanic Chambers. Meetings are open to the public.

The Planning Commission wishes to thank Kathleen Valente and Susan O'Rourke for their years of service to the Planning Commission, we also thank Zoning Administrator James Simonds and our secretary, Barbara Allen, for their assistance this past year, as well as those citizens who attended our public hearings and gave us the benefit of their thoughts and experience.

Rutland Regional Planning Commission

THE COMMISSION'S MISSION: Cooperative planning within the Region
www.rutlandrpc.org

2005 Activities:

- **Technical assistance** on community development issues - including assisting in the update and implementation of town plans, zoning & subdivision regulations, and village center designations.
- **Regular roundtables** of local zoning administrators and local road commissioners to share information and discuss common problems and solutions.
- **Municipal Planning Grants** application or implementation assistance to 18 communities.
- **Emergency management planning** with the Local Emergency Planning Committee, including assisting in the update of local rapid response plans and preparing emergency 'table-top' drills in seven communities.
- **Used GIS (Geographic Information Systems)** tools to work on transportation, watershed planning, town planning and zoning, and mutual aid maps for emergency responders.
- **Rutland Region Transportation Council** support for planning for the future multi-modal transportation needs of the Rutland Region, completed additional **bridge, culvert and network inventories**, which help to reduce the local share of some highway projects.
- **Regional economic development strategy** to better coordinate community development, economic development and travel and tourism activities.
- **Agriculture viability strategy** led to the creation of the Rutland Area Farm and Food Link focused on increasing local purchase of local foods, supporting beginning farmers, and finding creative new ways for area farmers to collaborate.
- **Brownfields Assessment** program to identify and assess potentially contaminated sites and make them useable for development.
- **Education, training, and information programs** for municipal officials, a bi-monthly Newsletter, and reimbursement for program fees.
- **Watershed plan** for the Upper Otter Creek basins, in cooperation with other organizations.
- **Review of local zoning ordinances for Chapter 117 compliance** and technical assistance.
- **RutBusters** is an association of people in their 20's and 30's focused on increasing communication among peers, quality of life for this age group and volunteer opportunities in their communities.

In Rutland City the Regional Planning Commission:

- **Brownfields assessment** of Hour Mart site.
- **Designed and helped implement bike route network map and website.**
- **Prepared wall maps and books of area roads** for the Rutland City Fire Department, Police Department, and for Regional Ambulance.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 2006.

As a result of the 2006 reappraisal which took nearly one year to complete the Grand List at April 1, 2006 totaled \$1,005,159,877 which reflects a net increase from April 1, 2005 of \$305,039,901 or 43.56%. The city-wide reappraisal encompassed the total real estate inventory in the City covering 5,975 parcels amounting to \$954,866,577 and business personal property valued at \$50,293,300. The percentage increase in the real estate alone amounted to a 47.8% increase overall. Because the City had a coefficient of dispersion (COD) higher than 20%, it was required to reappraise. The COD is a statistical tool used to measure the spread in assessed values as compared to sales in the marketplace over a three year span. The 2005 Grand List used cost tables established in 1988, the last year a city-wide reappraisal was performed. As a result of the reappraisal the common level of appraisal (CLA) is 106% as of April 1, 2006. Property owners experienced percentage changes both positive and negative and in various arrays of percent changes from the previous value. The field work for the reappraisal was completed May 1, 2006 and the appeal process commenced with the mailing of a newsprint of all real estate listed. Cole Layer Trumbull, the appraisal firm retained by the City conducted informal reviews for property owners to go over their specific property to ensure accuracy. That step in the process took almost a month and over 900 taxpayers took part. As a result of these hearings about \$36,000,000 in changes were made. After the informal process was complete, CLT's contract was virtually completed. Notices were then sent to every taxpayer with their new value. A formal appeal process was then conducted with the City Assessor and that process took over three weeks and over 900 taxpayers met to discuss the new values. Changes as a result of these meeting resulted in \$12,000,000 in changes. Upon completion of the formal appeals a notice was sent individually to all who had appealed indicating any changes. Appellants were then granted 14 days to notify in writing to the Board of Civil Authority that they wish to appeal further. 189 properties were appealed at this point and hearings will commence on October 19 and continue until all are heard.

I wish to thank the taxpayers of this City for being respectful of the process and also for their understanding while my secretary and I worked with you all to ensure that you were heard and given a fair shake. I personally felt throughout the process that many of the concerns people have are related to the increase in costs that we are all experiencing and with an aging population and limited incomes of many folks the increase in taxes, fuel oil gasoline and water all make it increasingly difficult for people to make ends meet. It is very important that we all file the HS -131 which is included in the State of Vermont tax booklet for the possibility for a rebate. During fiscal year 2006-7 our office will be working on making computer terminal access available to the public for all of our records. In closing, I wish to thank my secretary Marlies Washburn who worked closely with the public and took all the phone calls during the hearings. Thanks too goes to Jim Simonds, Carol Wagner, Pam Petrie, Alan Shelvey, Evan Pilachowski and the ladies in the Public Works Department for help in stuffing 6,000 envelopes for mailing.

Rutland Police Department Report

Anthony L. Bossi, Chief of Police

To the Citizens of the City of Rutland, Police Commission,
Board of Aldermen and Mayor John P. Cassarino:

I am pleased to submit to you this annual report of the activities of the Rutland Police Department for Fiscal Year 2006.

The Police Department has an authorized strength of 41 sworn full time officers and 11 full time civilian positions. The department continues to promote training for our officers. Department personnel have attended over 3,000 hours of training this year.

During this year the department opened up 98 drug cases and made 71 arrests on drug cases. The department conducted 54 consent searches and 27 search warrants on these drug cases. Approximately 80% of crime in Rutland is still alcohol and drug related.

Total Part I and Part II crimes were up 16% from last year, down 2% from 5 years ago and down 28% from 15 years ago, and arrests were up 25% from last year. The department issued double the motor vehicle citations this year compared to 5 years ago, and investigated 60% more motor vehicle accidents this year compared to last year.

Rutland United Neighborhoods (RUN), the Rutland Recreation Department and the Rutland Police Department co-sponsored Rutland's 4th Annual National Night Out. We would like to thank the community volunteers, agencies and businesses for their generosity. Special thanks to the NNO Planning Committee for making the event such a huge success.

The Rutland Police Department continues to benefit from the assistance of the Rutland Police Commission. The members of the Police Commission volunteer their time and expertise to the department, and their dedication is deeply appreciated. I would also like to express my appreciation for the support that the Police Department has received from Mayor John Cassarino, members of the Board of Aldermen and other City Departments. Additionally I would like to thank the supervisors of the Rutland Police Department, Captain Tucker, Lieutenant Geno, Sgt. Mulcahey Day Shift 1, Sgt. Sly Day Shift 2, Sgt. Elrick Night Shift 1, Sgt. Schauwecker Night Shift 2, Sgt. Stevens BCI, Sgt. Tarbell ASU, and most importantly I would like to personally thank all members of my department for their dedicated service and firm commitment to providing the best possible police service.

DAY SHIFT 1

Day Shift 1 of the Uniformed Patrol Division handled in excess of thirty-five hundred calls for service during the past fiscal year. Calls that ranged the full gamut of police services, ranging from weapons offenses, burglaries, thefts, untimely deaths, vandalism, frauds, disorderly conduct, trespass, etc. The second half of the fiscal year showed an increase in responses with two-thousand and one calls for service.

The increase in calls for service also reflected an increase in arrest, with two hundred forty-three criminal arrests in the second half of the fiscal year.

In the area of motor vehicle enforcement over one-thousand traffic tickets were issued by Day Shift 1, with again the second half of the fiscal year showing an increased with over seven-hundred fifty tickets issued. Accident investigations also showed a significant gain over the previous fiscal year. Utilization of the motorcycle for special events in the downtown area such

as the Killington Motor Cycle Rally, parades, sidewalk sales, and general downtown enforcement provided quite beneficial. Sergeant Bernard Mulcahey assisted in the training of new motorcycle officers for the agency during the fiscal year. He also continued his efforts to assist members of the Vermont National Guard units assigned to Iraq, Kuwait and Afghanistan by sending them packages of Vermont products and badly needed utilitarian items.

Several shift officers volunteered time for troop related activities to assist guardsmen and their families, particularly Rutland United Neighborhoods functions at the Rutland Armory, as well as providing troops escorts for departing and returning troops.

Day Shift 1 officers participated in R.U.N. meetings and events throughout the various sections of the City of Rutland.

Multiple count fraud arrests were recorded by Patrolman Michael Nesshoever, Patrolman Keith Lorman, and Corporal Edward Larson. Fugitive arrests increased, with Patrolman Seth Richardson apprehending a fugitive from Kentucky who was hiding in Rutland.

Corporal Larson taught hazardous materials classes for the Rutland Police Department, as well as the Rutland County Sheriff's Department, utilizing a training program that he developed. He also instructed a Weapons Of Mass Destruction class for students enrolled in the Law Enforcement Program at the Stafford Technical Center. In addition, Corporal Larson conducted a Homeland Security Overview and Home-Safety Program for the Rutland County Triad Senior's Day at the Godnick Center.

Corporal Larson guided Day Shift 1 officers and dispatchers through the Federal Emergency Management Agency Incident Command System classes for IS-0100, IS-0200, and IS0700. Corporal Larson personally completed forty-five F.E.M.A. study programs earning certificates in each. Additionally, Larson completed thirteen courses from the Centers For Disease Control, and one additional Environmental Protection Agency Program, earning certificates for each of these courses as well accumulating over three-hundred twenty-five hours of training time at no cost to the Department.

Patrolman Michael Nesshoever assisted in training classes for new recruits at the Vermont Police Academy in Pittsford, providing his expertise during several basic training courses.

DAY SHIFT 2

Day Shift 2 is one of two day shifts at the Rutland City Police Department and is comprised of six sworn law enforcement officers and two civilian communications operators. Three of the sworn police officers assigned to Day Shift 2 have served in their respective branch of the United States Military with all three Officers achieving a Non-Commissioned Officer rank prior to their completion of service and Honorable Discharge from active duty. Three of the sworn police officers assigned have completed post secondary education and hold a college degree in their respective field of study as well. One of the sworn police officers assigned has attended the Federal Bureau of Investigation National Academy at the FBI Academy in Quantico, Virginia where his studies concentrated on Interview/Interrogation strategies and Interpersonal Violence. In total, the sworn and civilian personnel assigned to Day Shift 2 represent 137 years of dedicated service to the Rutland Community.

In addition to the standard compliment of law enforcement training received during the course of their respective careers, Day Shift 2 personnel have additional specialized area(s) of law enforcement training and expertise. These specialized area(s) are, but not limited to: Police Motor Cycle Operation, Traffic Crash Reconstruction, State certification to instruct traffic

crash investigation, state certification to instruct Police Traffic Radar and Lidar systems, DataMaster Supervisor/Technician (infrared breath alcohol testing unit), Portable Breath Testing repair technician (field breath alcohol testing unit) and mobile video unit repair technician just to name a few.

Besides their assigned duties and required responsibilities, several members of Day Shift 2 have volunteered to serve on the Rutland Police Benevolent Association Executive Board as both a Board Member and President in past years. One member has also served as an Executive Board member and President of the Vermont Police Association and continues to serve on the VPA's Board of Trustees. Two members of Day Shift 2 are part of the original Rutland City Police Honor Guard unit and continue to serve in that voluntary capacity today.

During the fiscal year ending June 30th, 2006, Day Shift 2 personnel were involved in the following events and duty assignments:

1. Assigned to over 3,093 criminal complaints and requests for service.
2. Assigned as assisting officer in over 1,084 criminal complaints and requests for service.
3. Took 244 person(s) into custody for alleged criminal conduct (misdemeanor and felony crimes)
4. Initiated 745 traffic stops for deviant operation and violation of Vermont's motor vehicle laws and Rutland City traffic ordinances.
5. Issued 396 Civil Traffic Violation Notices to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.
6. Issued 887 verbal warnings to motor vehicle operators violating various requirements of Vermont's motor vehicle laws and Rutland City traffic ordinances.

Day Shift 2 personnel are also pro-active in their participation in the Rutland United Neighborhood Project and fully support the concept and practical application of Community Based Policing/Problem Solving. Day Watch II personnel also actively participate in, but not limited to, all Highway Safety campaigns (such as Click It or Ticket), Project S.T.A.R.T. (which addresses teenage drinking), National Night Out (which is designed to promote stronger interaction between the Community and their Police Department) and more.

NIGHT SHIFT 1

For the period July 1, 2005 through June 30, 2006, officers on Night Shift 1 responded to 3,122 calls for service, made 403 arrests, stopped 1,495 vehicles, and wrote 1,388 tickets. Last year for this same period officers responded to 2,573 calls for service, made 224, arrests, stopped 1,689 vehicles, and wrote 1,774 tickets. Officer Post completed training in Commercial Motor Vehicle Enforcement and performed 57 inspections on commercial vehicles from December, 2005 - June, 2006.

Officers continued to participate in a variety of community and police related programs, including the meetings held by Rutland United Neighborhood Community Policing Program, National Night Out, the Click It or Ticket Highway Safety Enforcement Program, the underage drinking program initiative called Project S.T.A.R.T, and the Work Zone Highway Safety Enforcement Program. Officer Sheldon continues to lead the Police Explorer Post #20 and provides an excellent program for local youths who are interested in the field of law enforcement. Officers Elrick and Prouty continue to serve on the Department Honor Guard. Officer

Sheldon was selected to train on the new Integrated Video Analyst System, which is used by law enforcement agencies to enhance poor quality images from surveillance and security video tapes to help identify people suspected of criminal involvement. Communications Operator Lyn Gallipo continues to serve on the Department/VLCT Health Committee, and she coordinates the annual pedometer challenge. This past year she led the Department on the Winter Olympics Pedometer Challenge. C.O. Gallipo continues her certification as a child safety seat specialist and her contribution helped to earn an award given to the Rutland County Child Seat Coalition for being the Best Fitting Station in the State of Vermont. At the annual Rutland Police Benevolent Association Banquet in December, 2005, Officer Prouty received the Police Service Award for the work he and K-9 King Riley accomplished in 2005, and Officer Post received the Highway Safety Award for the second year in a row for his traffic enforcement efforts in keeping the streets of Rutland safer. Night Shift 1 won the Physical Fitness Award for Most Fit Shift in 2005. Officer Prouty and K-9 King Riley took second place in the Vermont Police Canine Association's 2005 Green Mountain Iron Dog Competition. Sergeant Elrick was recognized by the New Hampshire Police Cadet Training Academy and the New Hampshire House of Representatives for her 25 years of service with the New Hampshire Police Cadet Training Academy.

Corporal Gorruso is the lead worker and trainer on shift. In addition to regular police officer duties as assigned, he is responsible for field training of new officers in regard to appropriate police methods, tactics, procedures, and application and interpretation of laws. Corporal Gorruso provides twenty years of experience and guidance to officers on this shift.

Here is a sample of the cases the Night Shift 1 officers have handled over the past year and have chosen to share with you. You will note that a number of the cases are drug related. Unfortunately, drugs continue to be a blight upon our City and continue to ruin and destroy the lives of some of our residents. Crimes such as shopliftings, thefts, and burglaries are a direct result of people who are in desperate need of money to support their drug habit. The Police Department continues to pour resources into drug investigations and enforcement.

While stopping a tractor trailer unit for a traffic violation, Officer Post obtained consent to search the truck cab and located a brown bag full of plastic baggies containing residue and one baggie which contained a clear crystalline substance and subsequently field-tested positive for methamphetamine. Calling for the assistance of Officer Prouty and K-9 King Riley, a perimeter search of the trailer yielded positive alerts on the rear door and sides of the trailer and based on Riley's alerts, Post applied for and obtained a search warrant for the trailer. The operator was charged with Possession of Methamphetamine.

One cold February night, while on routine patrol around midnight, Officer Post smelled a heavy and distinct oily smoke odor. He located the house from where the smoke was coming and notified Dispatch to call City Fire. The Fire Department found a heavy odor of oil. They shut down the boiler and measured the carbon monoxide level, which was significant, causing an immediate evacuation of the occupants and subsequent ventilation of the home. Deputy Chief Francis Robillard, the Fire Commander on scene, praised Officer Post's timely intervention which prevented a serious health issue or a potentially fatal incident for the family. Officer Post was nominated for Rutland Police Department Lifesaving Award.

Officer Sheldon was assigned to a theft complaint. The manager of a local business was concerned about the loss of money from the business cash register on different occasions. After a three month investigation, Officer Sheldon was able to arrest an individual who had stolen

a total of \$488.94 from the business. The store video tape was instrumental in helping Officer Sheldon solve the case. While the suspect told one story, the video tape showed another, and Officer Sheldon was able to obtain a confession.

Officer Sheldon investigated a burglary of a residence in which \$1,070.00 worth of items were stolen. After four months of diligent and persistent investigation, sifting through outright lies and conflicting stories, Officer Sheldon arrested a suspect for Burglary.

Officer Sheldon was assigned to a case of vandalism. With the help of the complainant/victim, Officer Sheldon quickly located and identified the offender who had placed a sign and pushed trash cans into the roadway to block traffic and was using obscene language and acting in a threatening manner. The individual was also intoxicated. Once Officer Sheldon told the individual that he was under arrest, he refused to turn around and put his hands behind his back. Officer Todd arrived and assisted Officer Sheldon in taking the unruly suspect into custody. The individual was arrested for Disorderly Conduct, Resisting Arrest, and Unlawful Mischief.

Officer Prouty and K-9 King Riley were asked to search a New York registered vehicle, whose occupants were under investigation for cocaine sales. K-9 King Riley located approximately 47 grams of cocaine in the vehicle. Further investigation led to a search warrant for the individuals' residence and resulted in the seizure of a loaded handgun, ammunition, scales/drug paraphernalia, and approximately 207 grams of cocaine.

Officer Prouty was assigned to a case, in which a man was seriously assaulted by another. The perpetrator had run from the scene of the assault, but was apprehended nearby. When Officer Prouty started to handcuff the suspect, the suspect failed to comply with Prouty's commands and actively resisted being handcuffed. K-9 King Riley and Officer Todd assisted in subduing the suspect, who was subsequently charged with Aggravated Assault.

Officer Todd stopped a vehicle for squealing tires. While talking with the operator, he could smell strong odor of marijuana coming from the vehicle. The operator gave Officer Todd permission to search his vehicle. Officer Todd found individually packaged sandwich bags of marijuana and "mushrooms". Field tests confirmed his suspicions, and he subsequently charged the operator with Possession of and Intent to Sell/Dispense Marijuana and Possession of and Intent to Sell/Dispense Hallucinogenic Drugs. The suspect told Officer Todd that he was selling drugs to make a living because he quit his job and had no money. He assured Officer Todd that he would stop when he got another job.

Officer Todd stopped a motorcycle for failing to stop at a stop sign. He noted, as he was talking to him and writing the traffic tickets, that the violator was nervous and appeared as if he was trying to hide something. Further investigation revealed that the individual was unemployed yet was carrying a large sum of money on his person, and he had a small white rock in a chapstick container. A field test confirmed that the rock was cocaine. K-9 King Riley alerted on the money, which is considered a positive alert for narcotics. Officer Todd subsequently charged the traffic violator with Possession of and Intent to Sell/Dispense Cocaine.

Whether writing traffic tickets, making arrests, helping a citizen remove a bat from their home, responding to a burglar alarm, sorting out the facts and circumstances of a domestic situation, quieting a barking dog, investigating an accident, or participating in a Community event, the men and women of Night Shift 1 are true hard-working professionals who believe in providing excellent service to the citizens of the City of Rutland. I thank them for their daily efforts to make our Community a safe place to live, work, and play.

NIGHT SHIFT 2

Night shift 2 is one of the two shifts that work 1800 to 0600 hours rotating over a two week period for the Rutland Police Department.

For the fiscal year ending June 30, 2006 this shift was comprised of five (5) sworn police officers and two civilian communication operators.

For the first 9 months this shift was supervised by Corporal Charles Hall and for the remaining 3 months the shift was supervised by newly appointed Sergeant, David Schauwecker.

Allow me to opportunity to introduce to you the staff of night shift 2 and their years of dedicated service to the city of Rutland.

Sergeant David Schauwecker, 19 years, Corporal Charles Hall, 20 years, Officer Sam Delpha, 08 years, Officer Joe Bartlett, 06 years, Officer Craig Hunt, 06 years, Officer Steve Schutt 01 year. Communication operator Patricia Dunchus, 19 years and Communication operator Tye Bletz, 09 years. The staff of night shift 2 have provided a total of 88 years to the city of Rutland.

It with honor that we introduce to you Sergeant Schauwecker who was promoted to his position and given command of this shift in March 2006. Sergeant Schauwecker brought numerous years of detective work and expertise to this position.

Night shift 2 had a very busy year with some of the most serious crimes happening during this shift. Attached is a portion of what this shifts personnel were involved in over the last year.

1. This shift responded to 2,365 calls for service.
2. The shift had a total of 237 arrests for alleged criminal behavior of both felony and misdemeanor offenses.
2. The shift was very busy regarding the enforcement of motor vehicle laws. There were a total of 1,429 tickets issued during the fiscal year.
3. Night shift 2 provided over 10,000 hours of police service to the City of Rutland and the communication operators provided over 3,000 hours.

The members of night shift 2 continued to provide their support to the City of Rutland through out the year by assisting a various community activities. They were involved in events such as Click It Or Ticket, DUI and Safety check points, Highway safety enforcement, S.T.A.R.T. Run events, parades, just to name a few.

Bureau of Criminal Investigations

The Bureau of Criminal Investigations is primarily responsible for the investigation of all major crimes, as well as a support service to the uniformed officers. We further assist the administrative support services unit of the department when needed. The investigation unit consists of detectives who have received specialized training in all areas of law enforcement. In addition, the crime lab offers another level of support services.

In the past 12 months, 291 new investigations were opened on a wide range of offenses, resulting in 113 arrest being made, with some cases remaining active at this time and possibly pending further arrest. Some investigations literally go on for months depending on a number of different factors.

Detectives involved in the investigation of narcotics continue to be very busy, and have had another successful year in their efforts to identify and apprehend persons distributing illegal drugs in our community. This year exceeded more than \$100,000.00 in street value of drugs confiscated. The detectives arrested 71 individuals as a result of their investigations. The drugs, Heroin, powdered Cocaine and Crack were the majority of drugs in the past 12 months.

The crime lab is another busy area for the investigations unit. Many pieces of evidence are collected over the course of a year from various crime scenes. From there, the evidence gets evaluated, processed and packaged for delivery to the state lab.

The detectives unit further attended 329 hours of training in various fields of investigations throughout the year. It is extremely important to maintain a high level of proficiency.

As part of the investigations unit, members continue to be proactive in the community and support many other agencies in their efforts.

The Administrative Support Services Unit

The Administrative Support Services Unit is the largest and most diverse unit in the Rutland City Police Department. The ASU is involved in Community Service Programs, the Rutland Public School system, Parking Enforcement, Animal Control, Police Records and Community Orientated Policing. The scope of these services is often times behind the scenes and it is difficult to fully appreciate what the men and women of the Unit accomplish.

This year Ofc. Dumas joined the ASU and has been a great addition to our Unit and in facilitating the ever growing need to work with the community in a joint effort to police our streets and businesses. Cpl. Gregorio, Ofc. Tuttle and Ofc. Dumas have become involved in many community based projects and organizations for example, National Night Out, TRIAD, Senior and Child ID programs, R.A.D the YES Plan and College Intern projects.

Cpl. Gregorio has continued to work with the senior and juvenile population of the city and county in providing identification cards in an effort to provide fast and reliable Identification in case of emergency. Deb Pockette has stepped forward and is now providing accountability cards for Rutland County Fire Departments in a joint effort to keep our emergency services providers safe. This program has had the added benefit as a great public relations tool to bring the Rutland City Police Department and the citizens of Rutland together.

Ofc. Tuttle continues to air the Rutland Counties Most Wanted program in conjunction with Channel 15 and has continued to work with the news agencies in a variety of public relations activities. Ofc. Tuttle worked tirelessly on the Volunteers in Police Services and this program is proving to be very successful in the use of retired work force individuals in helping to maintain the day to day activities in the Police Station. New Police Officer recruitment is an ongoing process that Ofc. Tuttle has undertaken and he is now the contact person for anyone wanting to obtain information about a career in law enforcement with this department.

The Rutland City Police Department is an active participant in the School Resource Officer program. This year Ofc. Warfle and Ofc. Greene had to cover the third SRO position due to Ofc. Pockette joining another police agency. They worked very diligently to fill this void and were able to maintain the high standards established by this department and the Rutland Public Schools. This continuum of services has proven to be very effective in the early identification and intervention with At Risk Youths. The School Resource Officers provide a positive role model for the students and assist the school administration and staff with early mediation and mentoring. The Rutland Police Department and the Rutland Public Schools sup-

port the DARE Program and Ofc. Warfle and Ofc. Greene both presented positive educational programs to all of the fifth grade classes in Rutland City. During this reporting period the School Resource Officers handled approximately 250 incidents that would otherwise have been assigned to members of the Department's Patrol Division. The ASU would like to welcome Ofc. Lorman to the Unit. Ofc. Lorman will be serving as the third School Resource Officer assigned to the Rutland Middle and Rutland Intermediate Schools.

Ofc. Dumas is assigned to the Down Town Patrol in January of 2006 replacing Ofc. Nesshoever and has had a positive impact on the 'down town community'. Ofc. Dumas has handled approximately 209 incidents during this six month reporting period. Ofc. Nesshoever handled 224 incidents during the first 6 months, with a total of 433 responses. Ofc. Dumas has become the contact person for many of the local businesses.

The Animal Control Officer, ACO Petrie has continued to serve the Rutland City residents in dealing with domestic animal issues and assisting in numerous wild animal complaints. During this reporting period ACO Petrie responded to 456 assigned calls for service. ACO Petrie is also active in many Rutland City and State organizations that promote and educate animal care. Parking Enforcement is handled by PO. LaFond who during this reporting period issued 9,537 tickets with a dollar value of \$61,972.00. The 'Boot' generated \$4,147.00 in unpaid parking tickets. The parking meters are being upgraded from mechanical to electronic which has helped in eliminating many jamming problems. LaFond has made great strides in making Down Town Rutland both business and visitor friendly.

The Rutland City Police Department's Records office is staffed by Judy Sambrook and Deb Pockette who handled and processed the 12,259 incidents, 889 accidents, 5,491 traffic violation tickets and 1,259 arrests during this reporting period. The Records staff handles an enormous amount of telephone calls for information and services along with requests from individuals who come into the Police Department. The Records office handles all of the scheduling for civilian fingerprinting as the Rutland City Police Department is the Rutland County Identification Center established by the Vermont Criminal Information Center. This is in most cases the first contact individuals have with this agency and their dedication and professionalism is demonstrated in the public's positive assessment of the Police Services provided by this department. The Administrative Services Unit members are proud to be part of the Rutland City Police team and we look forward to continue to serve the Rutland Community.

The definitions for Part I and Part II crimes used in the Vermont Crime Report are specified by the Federal Bureau of Investigation as part of their national Uniform Crime Reporting program. The standard definitions are used by all law enforcement agencies across the nation to ensure uniformity and comparability of crime data.

PART I CRIMES

Criminal homicide –

- a. Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to:
 - 1) the killing of a felon by a law enforcement officer in the line of duty; and
 - 2) the killing of a felon by a private citizen.
- b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a part I crime, it is not included in the Crime Index.

Forcible rape – The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used–victim under age of consent) are excluded.

Robbery – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary – breaking or entering – The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny – theft (except motor vehicle theft) – The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are theft of bicycles or automobile accessories, shoplifting, pocket-picking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, “con” games, forgery, worthless checks, etc., are excluded.

Motor vehicle theft – The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson – Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

PART II CRIMES

Forgery and counterfeiting – Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

Fraud – Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting.

Embezzlement – Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing – Buying, receiving, and possessing stolen property, including attempts.

Vandalism – Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Sex offenses (except forcible rape, prostitution, and commercialized vice)–Statutory rape and offenses against chastity, common decency, morals, and the like. Attempts are included.

Drug offenses – State and local offenses relating to the unlawful possession, sale, use, growing, and manufacturing of narcotic drugs.

Family/children (Offenses against) – Non-support, neglect, desertion, or abuse of family and children.

Liquor violations – State or local liquor law violations, except “drunkenness” and “driving under the influence.” Federal violations are excluded.

Disorderly conduct – Breach of the peace.

Simple assaults – Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Weapons; carrying, possessing, etc. – All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.

Prostitution and commercialized vice – Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring, or transporting women for immoral purposes. Attempts are included.

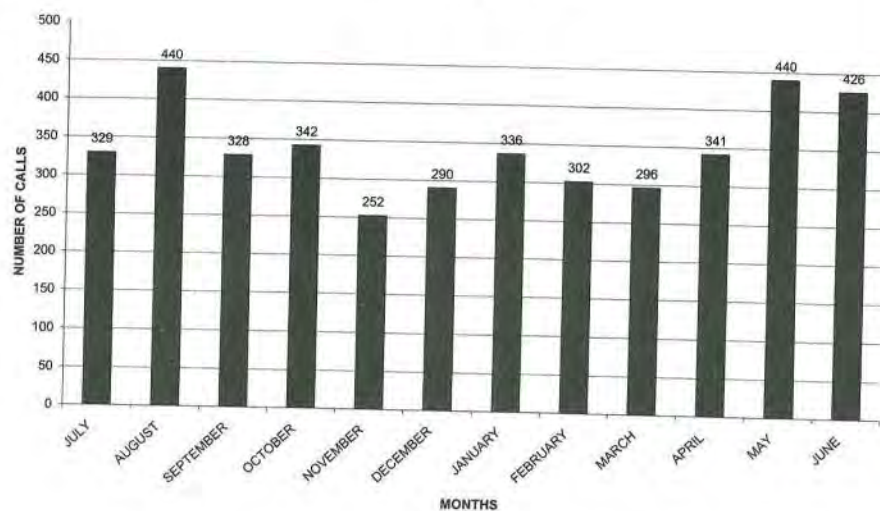

Gambling – Promoting, permitting, or engaging in illegal gambling.

Vagrancy – Vagabondage, begging, loitering, etc.

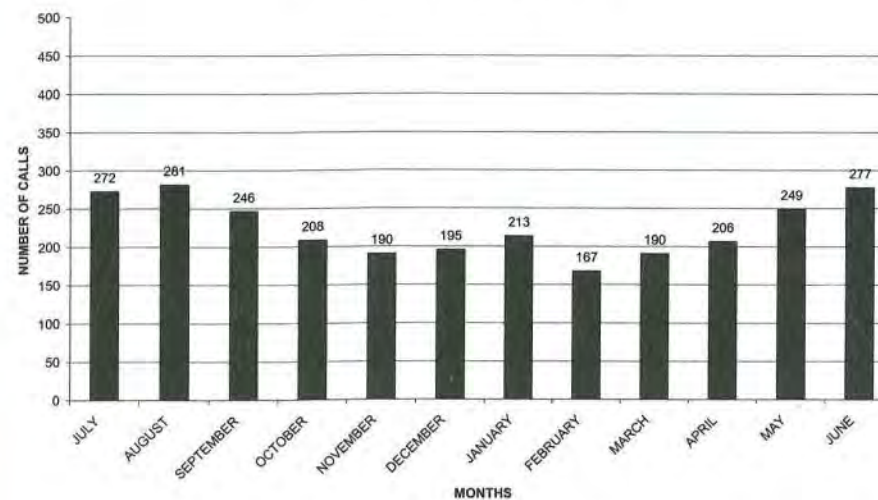

Driving under the influence – Driving or operating any vehicle or common carrier while drunk or under the influence of liquor or narcotics.

All other offenses – All violations of state or local laws, except those listed above and traffic offenses.

Rutland City Department of Public Works

Paul G. Clifford, Commissioner of Public Works

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 2005-2006.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. This Department is responsible for the day to day maintenance and operation of city streets, sanitary sewer collection mains (including the Alpine Pipeline), storm sewer system, water distribution mains, protection of the city watershed, the operation and maintenance of the wastewater treatment plant and it's associated pumping stations, and the reservoir, water filtration and water storage facilities.

The Department also works closely with the City's Building and Zoning, Emergency Management, Attorney's, Police, Fire and Recreation Departments, as required in both emergency and routine situations. The Department also provides technical and logistical support to the Rutland Redevelopment Authority and the Downtown Partnership.

The Public Works Department responds to citizen concerns and complaints on a daily basis and emergencies on a 24-hour-on-call basis. Citizens are reminded to contact the Police Department if an emergency arises when the Department's office is closed.

I would like to thank and commend all the personnel in the Public Works Department for their dedication and professional manner. I would like to thank Mayor John Cassarino, the Board of Aldermen and other department heads for their cooperative and courteous attitude towards the Department.

The Department of Public Works will continue to serve the Citizens of the City of Rutland to the best of its ability.

Rutland City Department of Public Works Engineering Division

Alan J. Shelvey, P.E., L.S., City Engineer

Evan D. Pilachowski, Associate City Engineer

Peter T. Kelley, Engineering Technician

The Engineering Division provides engineering and technical services for each division of this Department and for all other Departments within City government. In addition to this routine work, several special projects were addressed in 2005-06.

The Division has been working with several entities, including the Rutland Natural Resources Conservation District, Vennont Agency of Natural Resources, The Upper Otter Creek Watershed Council and the Vennont Agency of Transportation (VTrans) in the control of stonnwater runoff in order to improve water quality in the City's streams and brooks. Projects underway to reduce the sediment load into Moon Brook, include the installation of a "Swirl Concentrator" at the outlet of a major stonn sewer pipe. These projects are being funded by grants provided through the State. Also in collaboration with the other entities, public infonnational meetings were held during the year providing forums for the constructive exchange of ideas and concerns about this important issue.

CSO Phase 2A, the project designed to reduce or eliminate the occurrence of overflows from the City's combined sewer system into Otter and East Creeks during heavy rainstorms was completed during the year. Although it will take several years of flow monitoring to determine the full extent of the improvement, the evidence so far is very encouraging. The work, which included upgrades to the River Street Pumping Station and the treatment process at the wastewater plant, was constructed by Penta Corporation of Moultonboro, New Hampshire with engineering by Stantec Consulting.

Our aging infrastructure continues to present challenges. An inspection of Ripley Bridge on June 22, 2006 showed that the nearly 80 year old structure had deteriorated to the point where it became a safety hazard. The bridge was closed and emergency repairs are underway as of this writing. Funding for the repairs is 80% State and 20%. The City has requested that this bridge be added to the list of bridges to be replaced through the VTrans program. Dorr Bridge which was the subject of extensive emergency repairs in the previous year is to be replaced with construction scheduled to start in 2009.

The Downtown lighting and sidewalk upgrade project continued resulting in significant aesthetic improvements to Merchants Row. Planning and design for the next segment, the north side of Evelyn Street and the north side of Center Street from Wales Street to Court Street was also completed.

Other City and regional projects for which the Engineering Division has provided assistance and support are: Main Street Park revitalization, Regional Recreation Center and the Routes 4 and 7 Upgrade. We have also worked in cooperation with several projects in the Town of Rutland.

Mr. Evan Pilachowski, an engineering graduate of the University of Vermont joined our team in the late summer of 2005.

Rutland City Department of Public Works Streets Division

Dan Maniery, Streets Division Manager

I would like to thank all members of the DPW for their help during the past year. This year we continued our Ornamental Lighting Project on Evelyn Street and Center Street and Wales to Court Street.

In continuing with the Mayor's Sidewalk Program, we have paved over 2500 feet of sidewalks throughout the City. We also started a new Crosswalk Program with help from a State Grant to enhance our Downtown Crosswalks. We are continuing to refurbish crosswalks in the Downtown area.

Our Snow removal efforts this year were again superb and we will continue to do our best in the future.

Many thanks to all Divisions for working together throughout the year. I would like to thank the members of the Street Division and Equipment Maintenance.

The members of the Street Division are:

Rick Battles	Kevin Pfenning
Fred Rathjen	Tom Garafano-Barone
Kevin Schaner	Tom Harte
Karl Rusiecki	George Rogers
Bill McGinnis	Mike Denno
Craig Burton	Jason Skaza

Equipment Maintenance

Steve Longley
Pete Billings
Kim Moriglioni

Thank you to all.

Rutland City Department of Public Works City Forest and Ornamental Trees Division

David S. Schneider, City Forester and Arborist

The City Forester and Arborist is responsible for the care and maintenance of all City owned ornamental trees and the 4,000 acres of forested watershed properties located in Mendon and Rutland Town. The sale of timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect and insure maximum sustainable yields of potable water. All timber sales conducted on City property are designed to promote long term improvement of timber quality and wildlife habitat while providing periodic income in the sale of veneer logs, saw logs, pulpwood and firewood. A proposed hardwood timber sale was postponed due to an infestation of the Forest Tent caterpillar with alternate sales currently being prepared. Approximately three miles of property boundary lines were re blazed and painted during the year. The Town of Mendon reappraised the watershed properties in 2006. After site visits and lengthy negotiations with Mendon Town officials, a minimal increase in property taxes was levied due to our dedication to proper forest watershed management planning and practices.

The City's ornamental tree program continues to add beauty and shade to our streets and parks. During the year, sixty two trees were planted throughout the City, with thirty seven of those trees transplanted from our tree nursery. Since 1998, 407 trees have been transplanted from the nursery, providing the City with excellent varieties of trees at a fraction of the cost of contracted installations. We continued to add trees to the Downtown landscape with ten new trees planted along Merchants Row as part of the sidewalk restoration and ornamental lighting project. The systematic pruning program begun in the fall of 2000 is continuing with an additional 268 trees pruned to improve form, provide street and sidewalk clearance, and, to improve traffic safety. Over 2,100 of the City's 4,400 trees have been pruned since the program began. Because of our City's continuing dedication and commitment to our shade trees, Rutland received it's Fourteenth straight "Tree City, USA" award from the National Arbor Day Foundation.

The Rutland region was beset for the third straight year by the infestation of both Forest and Eastern tent caterpillars in the spring. Many trees were defoliated and it seemed like the caterpillars were to be found everywhere, particularly the flowering crabapples and sugar maples. Encouraging signs of the end of this infestation were present this year and most of the trees have recovered well during this growing season. Vandalism and weedwhacking continue to lead the list of tree mortality and the heavy wet snowstorm in October claimed several dozen trees in the northeast section of the City.

The Forestry Division extends its sincerest gratitude to all other members of the Department of Public Works for their assistance during this fiscal year. Appreciation is extended to the citizens of Rutland for their patience and understanding involving matters with our beautiful trees.

Rutland City Department of Public Works The Water Meter Division

Mary Anne Courcelle, Business Manager

The Meter Division is responsible to read approximately 6,000 water meters each quarter, investigate complaints of high billing and replace meters as necessary. Special readings for real estate closings, water turn off and on and associated record keeping is the responsibility of the Division. Once a final reading is taken, the Administrative staff processes the billing for "same day" service in most cases.

The Meter Division is nearing completion of the upgrade with the electronic "touch pad" meter system. I would like to thank the residents and businesses that worked with us and ask for the cooperation of the remaining properties to assist in the completing this project.

The Meter Division and Administrative staff continue to stride to provide the highest level of customer service. Owners are notified of possible leaks and high water usages as the meters are read with a personal phone call from the Meter Reader with a letter to follow. Immediate action to make needed repairs, instead of months later when billing is received, has been a great savings to many residents and property owners. The office staff is accessible to address any issues or concerns with your bill or usage. They take the extra effort to proof all readings as submitted to reduce errors in the billing process.

The Meter Division has begun converting meters to a radio transmitting system. The installation of radio frequency units allows meters to be read at 100 feet or more. Readings can be accumulated by actually driving by a resident or business. This technology has been available with the upgrade of the touchpad meters and software, but a radio unit must be installed to process the frequency. We have utilized this technology in areas where access to the meter was difficult such as the Downtown and Mendon/Killington areas. We have also used them when the installation of a touchpad presented a problem. Effective January of 2006, all installations will include the radio unit. This investment will eventually reduce manpower and save the City money.

I would like to thank the staff in the Meter Division and the office for another year well done.

THE METER DIVISION

Working Foreman

Tom Crosby

Meter Readers & Maintenance

Bill Franzoni

Tyler Karnai

Administrative Staff

Joan Pluta

Cynthia Moyer

Margaret Cillo

Rutland City Department of Public Works

The Water Distribution Division

Dave Sears, Water Distribution Manager

I would like to take this opportunity to thank John Havens for his 35+ years of service to the City of Rutland and wish him well in his retirement. He is and will be missed.

The Water Department has been busy this year. We repaired 9 fire hydrants, replaced 3 hydrants, repaired 11 water main leaks, replaced @ 60 curb boxes and relayed approximately 31 water services.

On Christmas Eve day we had a water leak on South Main Street. The Water Department, with the help of Waste Water Collections, The Street Department and The Rutland City Police spend 13 hours repairing the leak. I would like to thank all the people that brought us boxes of coffee, soda, and pizza. Thanks.

In June we began a pipe project on Brown Street. We laid 400 feet of 6" water main to replace a 3" main that was installed in 1893. In order to disconnect the old 3" main, we had to relay the water services on Granger and South Streets. We also installed a new hydrant on the corner of River St. and South St. This project created some inconvenience for residents in this area and we're sorry for that, but it needed to be done.

The flushing of the city fire hydrants is now a twice yearly activity that takes place in the spring and fall of the year. This takes us approximately 5 weeks per session to complete.

I would like to thank the personnel of the Water Department for all they do for the City Water System: Dave Ackley, Troy Ebbinghausen, Joe Gallipo, Jim Lawrence and Erwin Pinney are the ones out in the cold fixing leaks and shoveling hydrants and in the heat laying new water mains. It's a tough job and they should be commended for their dedication to it.

Rutland City Department of Public Works

The Water Treatment Division

Scott Taggart, Asst. Water Treatment Manager

The City of Rutland's Slow Sand Water Filtration Facility treated a total of 744,492,900 gallons of water during the last fiscal year. That equates to approximately 2,039,707 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilicic acid (fluoride), and zinc-orthophosphate for corrosion control.

This past year, with the aide of outside contractors as well as departmental personnel, the following projects were accomplished. Approximately 1400 tons of rip rap was installed along the banks of the reservoir. Two new chemical feed pumps were installed to optimize feed rates. A screen in the outlet of Beaver Pond has been installed to control the Eurasian milfoil to that location. Contractors are working on replacing the filter roofing system.

Water quality monitoring details are reported in our annual mailing and additional copies are available in the DPW office.

We would like to thank the outside contractors as well as departmental personnel that have helped us throughout the year.

Rutland City Department of Public Works The Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

David P. O'Neill, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 2,003,330,000 gallons of water.

To aid in the treatment process, the following chemicals were used:

Sodium Aluminate - for phosphorus removal	46,710 gallons
Sodium Hypochlorite - for disinfection	34,351 gallons
Sodium Bi-sulfite - for de-chlorination	18,227 gallons

The Treatment Plant consumed 1,759,000 kilowatt hours of electricity.

Materials removed from the waste stream include:

Grit, Sand and Gravel	97.8 cu. yds.
Raw Sludge	7,163,311 gallons
Secondary Sludge	17,629,789 gallons

4,686 cubic yards of digested sludge cake was produced and sent to a certified landfill.

7,972,949 cu. ft. of methane gas was produced in the sludge digesters and recycled as fuel to fire the boilers.

Some of the final Effluent parameters as a yearly average are as follows:

Biochemical Oxygen Demand	4.8 mg/L
Total Suspended Solids	6.0 mg/L
Total Phosphorus	0.3 mg/L

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant.

This year our primary focus has been on the completion and start-up of the new components installed as part of the Combined Sewer Overflow Abatement Project Phase n. 1500 ft. of new and larger interceptor sewer pipe was installed near the East Creek to the River St. Pump Station where larger pumps were installed in order to transport higher storm water flows to the treatment plant. At the plant, each stage of the treatment process was either enlarged or upgraded to handle the significant increase in flows during storm events. The additional storm water collected receives the same high degree of treatment that the City's wastewater has received for many years. The end result is significantly fewer incidents of combined sewer overflows during storms events and lower volumes when an overflow does occur.

Due to the diligence of the General Contractor, the Penta Corp. and the Operators of your Wastewater Treatment Plant this complex construction project was carried out without one incident of flow bypassing or effluent permit violation.

We extend our sincere appreciation for the assistance and cooperation extended to us by everyone, including the other divisions in the DPW, the Mayor, Commissioner and the Board of Aldermen.

Rutland City Department of Public Works The Wastewater Collection Division

Paul Julius, Wastewater Collection Manager

David P. O'Neill, Laboratory Director

The Wastewater Collection Branch has completed the following work for the fiscal year 2005-2006 with the following employees:

Sewer Specialists

Steve Davine
Lee Carrara
Arthur Nemeth
Thomas Franzoni

Backhoe Operators

Bradley Frederick
William Santwire

The Wastewater Collection Division maintains and cleans city sewer and storm sewers. Catch basins and sanitary sewers are cleaned with a Vacon truck.

The Wastewater Collection Division also responds to emergency calls from the public. We also work with other Divisions clearing streets & snow and ice.

New basins and repairs to sewer manholes also repairs to storm sewer sanitary sewers.

New Catch Basins30
Total footage of pipe350 feet

New Manholes20
Total footage of pipe776 feet

Repairs to sanitary mains and sewers6
Total footage of pipe460 feet

Repairs to storm sewers6
Total footage of pipe546 feet

Recreation and Parks Department Report

To the Mayor, Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit the annual report of the activities and accomplishments of the Recreation and Parks Department for the fiscal year of 2005-2006. This fiscal year was filled with many positive advances for the recreation and parks department. We continue to systematically improve the foundation of our infrastructure with well-planned renovations and enhancements.

Pine Hill Park adjacent to the Giorgetti Athletic Complex has really become a wonderful outdoor getaway with its vastly upgraded trails and map system. Many thanks to Michael Smith, Shelley Lutz, Tim Vile, Jim Tasse and Keith Wight for all of the volunteer work that they and many others have done over the past several years at Pine Hill. Due to their ongoing efforts, scores of people from the Rutland area enjoy the park. It is also safe to say that with the positive utilization of the park the vandalism has slowly started to decrease.

Under the direction of Bob Peterson and Jay Siliski, our Parks Director and Working Foreman respectively, our full-time crew of Jeff Pratt, Steve Canney, Hiram Brown and Ed Griffiths and our seasonal staff, the parks/maintenance division continued to accomplish many important improvements that will position this department for more enhancements in the future. This past year Meadow Street North, Max Fineberg and J. Fred Carbine softball fields were completely overhauled as well as significant improvements to the Giorgetti baseball field. What is important to note is that these upgrades in our fields have lead to significant positive changes in field playability. Once the fields were finished, we have had fewer rainouts due to the changes that were made to the fields. These improvements also decreased the amount of time it takes to prepare the fields after it has rained. Therefore, improved efficiencies allowed for other tasks to be completed throughout the course of the summer.

Work at Rotary Park has begun and will eventually lead to the revival of one of the City's original parks. Rotary was once a gem and over the years has fallen into disrepair. We were able to secure a matching grant from the Land, Water and Conservation Fund (LWCF) and we hope that by the spring of 2007 Rotary will once again be one of the City's shining stars. I am confident over the next few years the City will establish a capital replacement fund that will provide the necessary resources to maintain all of our fine parks so that we will no longer have to watch in pain as an amenity like Rotary wastes away.

The office staff consisting of Cindi Wight, Dave Byrne, Lou Illinski, Lori Hickey, Shawn Connolly, John Pedone and Becky Sowards continued to enhance and develop new program opportunities for City of Rutland. Once again we hosted many successful special events like the 46 Halloween Parade, the Seven to Sunset Concert Series in Main Street Park, the 10th Annual Youth Basketball Tournament, the 12th Annual GRYSL Soccer Jamboree, a couple of youth theater productions under the direction of Susan Baker and in collaboration with the Rutland Downtown Partnership, the Paramount Theater and the Rutland Chamber of Commerce we presented the 2nd Annual VermontComedyWorks festival in Downtown Rutland.

With most of our programming offered in City owned facilities like the Dana Recreation Center, the Godnick Adult Center, the Giorgetti Rink and the many outdoor facilities, we have been able to provide quite an array of opportunities. However, this year we also collaborated with a private facility to once again enhance the existing programs. For seven weeks, in

the months of March and April we ran all of the programming at the Rutland Regional Fieldhouse.

Under the direction of Dave Byrne, we provided lacrosse, field hockey and soccer programs for youth and adults. By working with the Fieldhouse, we brought together their ability to provide a nice facility with indoor turf with our ability to provide excellent programming. Together we raised the bar by complementing each others existing resources. We look forward to this new relationship again in the spring of 2007.

On a final program note, the fall of 2005 marked the end of a great relationship and the beginning of a new opportunity. For the first time in eleven years, the Zero Gravity Skate Park at Giorgetti Park no longer existed. This private/public relationship had flourished over the years and thanks to Dave Goodspeed, Frank Sparrow and their sons Dylan and Myles respectively, had provided this community with a positive outlet for many young skateboarders, in-line skaters and BMX bikers. When an opportunity to follow a dream presented itself none of us could find fault with the desire to travel down that road. We thank them all for many good years of providing a desired service to this community and we wish them well in their future aspirations.

With that said, what has taken place over the winter and spring of 2006 to fill this void is nothing less than incredible! Through the work of many dedicated people, I'm proud to say that a new skate park, "Flip Side" will be opened on July 1st, 2006 at Giorgetti Park. Based on a passionate desire by many local young people, their friends and families to continue to have a skate park, a committee was formed and headed up by Mike Coppinger and Sherri Birkheimer Rooker. The committee members consisting of Audrey Allaire, Carolyn Babbitt, Wendy Bissell, Cindy Fortier, Chris Hurka, Allison Iannetti, Laurel Rice, Michael Smith and Bronson Spencer have all worked diligently to find the necessary resources to establish a skate park that will provide a tremendous opportunity for our children. We immensely thank the many local companies, organizations and people that have contributed to this effort.

The Regional Recreation Community Center project continued to move forward towards the goal of a new facility. Conceptual drawings were submitted by the architecture firm of Barker, Rinker and Seacat followed by a draft business plan from Ballard*King. The new district continues to work diligently to develop this plan and provide a new recreational community center that will greatly enhance the quality of life for everyone in our community. We need to bridge the gap between recognizing the problems with unhealthy lifestyles and finding the resources to create the facilities and spaces to effectively create positive change for our future. With your support, the support of the local businesses in addition to regional partners and other organizations we are confident about the project's viability. Help us build the foundation for that future.

This department and its entire staff manage to provide a wealth of services far beyond the normal expectations of a City this size and the level of resources available. However, we still rely on you to help us provide quality program opportunities by volunteering your time especially for the children of Rutland. It is the combination of volunteers, local organizations, businesses, part-time staff and our full-time staff that provide the framework that allows this department to flourish. Thank you all for being a positive influence in our community, together we will soar to new heights.

FACILITIES

Alexander Keefe Memorial Park – Located on Water Street
Playground equipment

Center Street Alley Park – Located inside the downtown block formed by Wales, Center, Merchants Row and Washington Streets.
Amphitheater, benches & picnic area.

Cioffredi Complex – Located off Temple Street
2 Softball Fields and open space.

Dana Recreation Center – 39 East Center Street
Telephone # 773-1822, Fax # 773-2030
Recreation Department offices, program/meeting rooms, and gymnasium.
Additional offices for: Crossroads Art Council, Killington Music Festival, First Night Rutland, RSVP, Headstart Classroom
Association with: Drum Journey's of Earth

Depot Park – Located on the corner of Merchants Row and Evelyn Street
Benches and gardens, home of the Farmer's Market from spring thru fall.
In conjunction with Rutland Partnership, Thursday evening concerts and movies were held in the park several nights throughout the summer.

Giorgetti Athletic Complex – Located off Oak Street Extension
Telephone # 775-7976
1 Baseball Field, 1 Softball Field, Flip Side Skate Park, ice-skating rink, playground equipment and open space.

Godnick Adult Center – 1 Deer Street
Telephone # 773-1853
Recreation Department offices, program/meeting rooms, exercise room, meal site, gazebo, shuffleboard courts, & open space.

Justin Thomas Memorial Park – Located on the corner of Madison and Prospect Streets
Gazebo, playground equipment and picnic tables.

Main Street Park – Located on Main Street between West and Madison Streets
Arboretum, bandstand and benches.

Monsignor Thomas Connor Memorial Park – Located off Meadow Street
2 Basketball Courts, 3 Tennis Courts, 2 Softball Fields (one with lights), open fields, and playground equipment.

Pine Hill Park – Located next to the Giorgetti Athletic Complex
Hiking and mountain biking trails.

River Street Park – Located on the corner of River and Meadow Streets
Playground equipment and picnic tables

Rotary Park – Located off North Street
Field House, playground equipment, 1 basketball court, 1 youth baseball field & two handball courts.

White Memorial Park – Located at the end of Avenue B
Swimming & wading pools, pool house, playground equipment, 1 youth baseball field, 5 tennis courts and 2 basketball courts.

DANA RECREATION CENTER

The Dana Recreation Center is the main office for the Rutland Recreation and Parks Department. Located at 39 East Center Street, the Dana Center offers a wide selection of programs, services and activities for all citizens of the community.

CAPITAL NEEDS

- Incorporate a citywide initiative to establish a capital replacement fund which will allow for enhancements and renovations to all City parks and facilities.
- New Regional Recreation Community Center.
- Center St. Alley Renovation.
- Main Street Park Revitalization Project.
- Replacement of playground equipment in some parks.
- Improvements to Giorgetti Rink.

Rutland County Recreation District

To the residents of Rutland County Recreation District:

The board of supervisors of the Rutland County Recreation District is pleased to provide the annual report for 2006 to the District member towns consisting of Mendon, Rutland City, Rutland Town and West Rutland.

Our purpose as stated in the Vermont State Statute Appendix 24, Chapter 601 is as follows: The district is created and shall exist for the purpose of strengthening local governments by promoting more efficient and economical operation of recreation services within the participating municipalities by developing a regional recreation community center and other facilities, which center and facilities will permit and encourage quality recreation and leisure opportunities that will promote positive lifestyle habits, contribute to the health and wellness of residents of, and visitors to, the district, and in so doing, will foster a new level of regionalism through cooperation and partnering, and will contribute to the economic health of the region by creating jobs, by purchasing local goods and services, and by encouraging tourism.

We have made great progress this year in carrying out our mission. In March, the District member towns selected representatives to operate as the board of supervisors and alternates, and those representatives are: Select Board member Barry Isaacs and Recreation Commissioner Larry Courcelle (alternate) of Mendon, Aldermen Sharon Davis and Bill Gillam, Jr. (alternate) of Rutland City, Select Board member Steve Hawley and Recreation Commissioner Kent Smith (alternate) of Rutland Town, Select Board member Richard Daley of West Rutland. In April the board elected Sharon Davis as Chairman, Steve Hawley as Vice Chairman, and approved Gary Lazetera as Treasurer and EJay Bishop as Administrative Officer. Additionally, Meg Laferriere Horrocks was hired to carry out the responsibilities of Administrative Coordinator and she also serves as the Clerk for the board of supervisors. In November Mendon representative Barry Isaacs resigned as a member of the Mendon Select Board due to residential relocation, and new Select Board member Greg Smith was appointed as the District representative.

We are continuing efforts to help our partners meet their growing demands by planning for operational space for them in the facility. Those partners and programs are: Rutland Regional Medical Center's Kids on the Move rehabilitation program and Vermont Sports Medicine Center satellite office, the Boys and Girls Club of Rutland County, and the administrative offices of the RSVP & The Volunteer Center, the Green Mountain Foster Grandparent Program, and the One-2-One Program.

We continue to receive community support, which can be most represented by the volunteer efforts of members of the Public Awareness and Transportation committees. The Public Awareness Committee, co-chaired by Sharon Davis and Cindi Wight, generated a proposed facility name of Green Mountain Aquatics and Recreation Center, and a mission statement that reads: "The mission of the Green Mountain Aquatics and Recreation Center is to enhance recreational opportunities and quality of life for Rutland County residents of all ages through an aquatics, recreation, and community center that promotes good health and wellness, community spirit and regional economic vitality."

The Transportation Committee, chaired by David Allaire, has developed a coordinated plan of public, private and non-profit transportation service providers that may include the Marble Valley Regional Transit District, local school districts as well as local human service

agencies and faith-based organizations. The plan also includes a focus on nonmotorized means of transportation to the center that could include paths for cyclists, pedestrians, and in-line skaters as examples.

In October the board agreed to sign a land purchase agreement with the Thomas Family of Rutland Town to purchase a parcel located off of Post Road, as a home for the proposed facility. We are excited about this location, and the possibilities it offers for potential sport field expansions if needed.

We are in the creative stages of developing our capital campaign committee and fundraising plan and are eager to launch the plan in January 2007.

The focus on providing increased recreational opportunities in Rutland County has been prevalent this year, as shown by community actions, and we are thrilled with this support. The Rutland Regional Planning Commission adopted a 2006 plan which states that they will "support recreation infrastructure projects that are designed for multiple types of users," in promoting recreation countywide. Additionally the Vermont Council on Rural Development held public meetings and planning sessions in Rutland City to solicit feedback on ways to enhance Rutland County's creative economy. Discussions in these sessions led to four priorities. Of those four that county residents selected, one was to "enhance Rutland as a recreation center," and includes adding indoor recreation opportunities. In November the residents of Mendon voted to continue to remain a member of the District as we continue in the planning phases to provide this aquatics, recreation and community center. Support throughout our county not only represents shared interests, but also demonstrates the desire to foster a new level of regionalism to benefit Rutland County.

While we are still planning and drafting, we are pleased with the community's support of a shared mission. To the residents of Mendon, Rutland City, Rutland Town, and West Rutland, we thank you for your continued support.

Rutland City Health Officer Report

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 2006.

The Board of Health consists of Robert Beauchamp, R.Ph., Mark Woodbury, D.C. and Chris Cornelius, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout this past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of the City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality regulations.

Over the past year, there has been a great deal of concern that there may be a pandemic flu outbreak within the very near future. In regards to that, there are certain precautions that you all can follow to keep your families and yourselves safe in case of any hazard that may arise. The State of Vermont's Emergency Management Office offers a "Family Emergency Preparedness Workbook" at dps.state.vt.us/vem that would help you plan for emergency situations that could arise such as a pandemic flu outbreak, ice storm, etc.

Concerning preparedness, let us think about the seasonal flu that arises every year and what precautions we should be taking to keep ourselves healthy through that time. Whether or not you can get a flu shot, there are some precautions we all should think about to try and stay healthy. They are as follows:

- **Try to keep your distance from anyone who may be sick** - plan a visit with a friend at another time when they are feeling better or change your appointment with a sick client to another time in the future.
- **Try to stay home when you are sick.** This is not always easy for a lot of people for a variety of reasons, but if possible it is the best course of action.
- **Try to cover your nose and mouth every time you cough or sneeze.** Use a tissue to cover your nose and mouth and throw it away when done. Should you have to go out or go to work, wear a mask!
- **Try to keep your hands away from your eyes, nose and mouth.** We touch so many things that carry a lot of germs - phones, door handles, etc. Once the germs are on our hands, we forget and rub our eyes or nose or place something in our mouths, thus exposing ourselves to what ever germs were on these contaminated items.

- Try to wash your hands often and very well! Washing your hands well means using soap and warm water and washing your hands for at least 20 seconds or use an alcohol hand sanitizer. They come in many forms.
- Do not share anything that goes into your mouth such as cups, straws, cigarettes, eating utensils, etc.
- Try to clean surfaces that you touch often. This would include phones, door handles, water faucets, refrigerator handles, etc.
- Last, but most importantly keep healthy by getting plenty of rest, try to exercise daily, drink plenty of fluids and eat good nutritious food.

Remember, the best prevention is to avoid exposure to the flu if at all possible. Should you contract it, contact your health care provider!

On behalf of the Board of Health and myself, I would like to thank Mayor Cassarino, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

Rutland City Emergency Management

Robert L. Schlachter, Jr., Emergency Management Director

To the Honorable Mayor and Board of Aldermen and Citizens of the City of Rutland:

In addition to my duties as Chief Engineer of the Fire Department, I also serve as the Rutland City Emergency management Director.

During the fiscal year ending June 30, 2006 the following activities have taken place related to Emergency Management:

Updated and re-adopted the Rapid Response Plan for Rutland City.

Continued working with the Rutland Regional Planning Commission on a complete update and re-write of the Rutland City Emergency Plan to meet new state template and National Incident Management (NIMS) requirements. The updated plan will be presented in late fall 2006, to the Mayor and Board of Aldermen for review and adoption. There will be training for all department heads, elected officials and city employees on their roles and responsibilities under the plan and we hope to have a tabletop exercise in the early spring of 2007.

Representing the City of Rutland on the LEPC (Local Emergency Planning Committee) I have attended over 25 meetings related to the LEPC. I also serve as chair of this committee. Attend meetings at the state level in Waterbury, Burlington, Montpelier and other locations on emergency planning matters.

Continued monitoring homeland security issues

Worked on a number of local issues such as monitoring waterways in the Rutland area during periods of heavy rain for possible flooding

Continue to work with other City and State officials on trying to find a way to resolve the erosion issues on East Creek at Crescent and Earle Streets.

Attended with other City Officials, meetings and workshops on issues related to a potential flu pandemic. It is still unknown whether a flu pandemic is imminent or even likely in the near future however, local, state and federal officials are taking the potential for such an event seriously and continue to monitor the situation. Plans are being developed and efforts are being coordinated with local officials.

Discussed the need for emergency power at potential emergency shelters in the City with a number of concerned individuals, this is perhaps our weakest area in preparing for a disaster. While limited grants do become available from time to time, I believe it would be prudent for the City to explore funding the installation of emergency generators at two or three locations around the City that would serve as shel-

ters in the event of a long term electrical power interruption such as an ice storm. Shelters would most likely be a school where there is lots of space, cooking/dining facilities, restrooms and possible shower facilities.

The most frequent natural disaster in Vermont is flooding, followed by severe weather events. Everyone should be prepared by having enough food, water, medications etc. to last 6-10 days. FEMA has recommended supplies for 72-hours, but the reality following hurricane Katrina is that you may be on your own for an extended period of time. While local, state and federal officials plan for disasters there is always the potential that those plans and resources may be overwhelmed at least initially. The best emergency management plan is your personal emergency management plan. Be prepared.

If you would like further information on emergency management and planning for disasters contact the Rutland Fire Department at 773-1812, or Vermont Emergency Management at (802) 244-8721 or the American Red Cross at 773-9159.

RUTLAND SCHOOL DEPARTMENT In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school aged child who is not currently being served, please contact the Support Services Office at 773-1917.

Rutland City Board of School Commissioners

Peter H. Forshay, President, Board of School Commissioners

Mary E. Moran, Superintendent of Education

To the Citizens of the City of Rutland:

It is a pleasure to provide this report to Rutland's citizens regarding the status of the city school system.

It is the goal of the Rutland City Public Schools to provide the best quality education at the most affordable cost. To do so we have established "Great Expectations" for teaching and learning. We promote the highest possible performance standards for educators and others who contribute to the education and welfare of our children, and we expect the highest possible performance standards for intellectual growth and behavioral expectations for all of our students.

The Rutland City Public School District is comprised of six schools and three special programs serving almost 3,000 students, led by a talented and dedicated administration, faculty and staff of approximately 500. For a more detailed profile of our schools and community, please contact the school department office at 6 Church Street (773-1900) for our *School Report Card*, which highlights assessment results and activities in all our schools. The *School Report Card*, as well as a variety of other information about all of our schools and programs, is also available on the district web site at www.rutlandcitypublicschools.com.

Northeast and Northwest Primary Schools each serve approximately 260 students in the Early Essential Education Program (EEE) through Second Grade. The Pierpoint Primary Learning Center, located at the former regional library, houses 60 students in grades K-2 in a multi-age program and is part of the Northwest/Pierpoint Primary School community.

The Rutland Intermediate School, located at the former Rutland High School site on Library Avenue, serves approximately 700 students in Grades 3-6. The Rutland Middle School, also located on Library Avenue, serves 380 students in Grades 7 and 8. The "new" Rutland High School, on Stratton Road, currently serves 1150 students. Approximately 260 students attend the full time program at the Stafford Technical Center, and over 800 adults take part in our Adult Education program. Stafford programs continue to support educational and training opportunities for both the youth and adult populations of Rutland County.

The number of tuition students from Rutland Town, Mendon, Chittenden, Danby, Hubbardton, Ira, Middletown Springs, Mt. Tabor, Pittsfield, Plymouth and Stockbridge continues to be strong. In 1994, there were 153 tuition students at Rutland High School. We now have over 350, an increase of over 100%. New programs, including an increase in the number of Advanced Placement and honors courses, an infusion of modern technology and many additional offerings in the Fine Arts, have contributed to the increasing attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

The Rutland High School Howe Center Campus serves 45 high school students in an off-campus alternative education and service program designed to prevent students from dropping out of school. The SUCCESS School, located on Allen Street, serves approximately 50 students in grades K through 12 who have had difficulties in adapting to a traditional class-

room and school environment. This is a model program, which is conducted jointly by the Rutland City Schools and Rutland Mental Health Services. SUCCESS combines academics, adventure-based learning, work and community service, and therapeutic services for students and their families in a way that better meets their needs, both in school and in the community.

We also offer an extensive co-curricular program for students from grade 4 through grade 12. In addition to a comprehensive athletics program, there are a wide range of clubs and activities that support student learning and development as well as keeping our children active and safe in the after school hours of each day. The RCPS Fine Arts program is one of the finest in the nation, and has been recognized as such on two recent occasions. We invite citizens to attend the many music and theatrical performances of our students both in the schools and at the Paramount Theater, and to attend the various visual art displays around the community and at the Chaffee Art Gallery.

Beyond the regular school day and year, the Tapestry Program offers expanded after-school, summer enrichment and remediation opportunities to our kids. Over 600 students have taken part in the Tapestry Program to date. We have been successful in gaining additional grant funding to support this highly successful program.

We continue to work cooperatively with the municipal side of city government, pursuing every possible way to create cost savings and enhanced collaboration. Cooperative city/school fuel bidding and purchase, for instance, has saved many thousands of dollars over the past several years. We continue to house the City Recreation Department in the former Dana School as part of a five year program, providing relief to that department and to city taxpayers. We have developed a wonderful relationship with the department and its Superintendent, E.J. Bishop, keeping in mind that all of the schools are available for Recreation Department Programs and activities throughout the school year, as well as in the summer. In addition, we have a great relationship with the Rutland City Police Department and Chief Bossi through the COPS Program which, by means of collaborative federal grants, provides three School Resource Officers who work with youth in our schools and the community to provide education, prevention and intervention on matters of safety and good citizenship.

We look forward to continuing to work with you, our staff, and the students and families of Rutland City as we strive to provide the very best possible education for our community.

Rutland City Public Schools "REPORT CARD"

There are many methods to evaluate the quality of schools. These include both objective and subjective measures in areas including: the quality and academic preparation of faculty, administration and staff members, community support and involvement in the schools, curriculum and instructional programs, assessment of student progress, student support services, library/media services, positive school climate, facilities and other related services.

The New England Association of Schools & Colleges (NEASC) provides a nationally recognized comprehensive evaluation/accreditation process that allows schools to be measured against an agreed upon set of standards that are indicators of school quality and success. All six Rutland City Schools took part in this rigorous process of self-study, reflection and evaluation in preparation for the arrival, in March of 1998, of visiting teams of professional educators who assessed each school to determine the degree to which we are meeting the Standards of Accreditation. We are very pleased to report that all five of our City schools as well as the Stafford Technical Center were awarded full accreditation status by the NEASC. This Process does not, however, end with the vote of accreditation. There is a rigorous, ongoing follow-up process in which all schools must participate to maintain their accredited status. All of our schools are doing so, with very positive results.

One of the most important Standards of Accreditation is the "Assessment of Student Learning Standard" in which we are asked to measure both individual and school performance. There are many ways to measure and report student progress on a day to day basis. Teacher observation, reports, tests, projects, essays, oral reports, work samples and portfolios are but a few examples. In addition, it is important to have the information that external, standardized tests can provide. Such assessments include the PSAT, SAT I, SAT II and the Advanced Placement Exams administered by the College Board as well as nationally developed norm-referenced and standards-based tests.

The result of the two assessment programs administered in the spring of 2005 allow the Rutland City Public Schools to provide an annual Report Card to the citizens of Rutland.

As a result of the changes in the Vermont assessment program mandated by the federal No Child Left Behind legislation, the Vermont Developmental Reading Assessment (VTDRA) and the New England Common Assessment Program (NECAP) and the New Standards Reference Exam (NESRE) were administered during the 2005-2006 school year. The VTDRA is administered to second grade students. The NECAP is administered for reading and math in grades 3-8 and writing in grades 5 and 8. The NESRE assesses students in reading, writing and mathematics. The NESRE was administered for the last time to grade 10 students in March. In October of the 2008 a NECAP will be administered to grade 11 students.

STAFFORD TECHNICAL CENTER ADVISORYMr. Mello

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of the City of Rutland:

1886, 1906, 1926, 1946, 1966, 1986, 2006. We are celebrating the library's 120th birthday all year, with special events, an open house and an intensive outlay of programs, all designed to focus community attention on one of the region's oldest and most egalitarian resources.

Despite dire predictions that computers and the Internet would mean the death of the library, people from every part of the community are turning to the library in record numbers. Instead of becoming peripheral, the library has become core. The library's books, recordings, programs, and electronic resources are a community asset utilized by businesses, the Chamber of Commerce, visitors, government officials, homeowners, students and all lifelong learners.

Current statistics indicate that the circulation of books has risen 58% in the past five years, while the number of visitors has gone up 41% in the same period. Over the course of the year the library loaned out an average of nearly 700 items per day and saw over 11,550 visitors each month. Over 3,000 people attended 151 library programs and an additional 1,580 visitors came to other community-sponsored programs in the region's largest free meeting space. Database use from our webpage at www.rutlandfree.org and Internet resources surpassed 900,580 contacts.

Work has begun on the current long-range plan, crafted through a series of meetings with community members, board, staff and Friends of the Library. This plan offers some exciting elements, including a cafe/lounge area, a quiet room, expanded local history services, expanded popular materials collections, more versatile seating for wireless laptop users and changes in the children's rooms. We are also anticipating two pieces of equipment through a gift (check out and computer reservations) which will allow the small staff to be deployed more effectively.

Simultaneously with this surge of growth the library is experiencing spiraling costs in technology infrastructure, fuel, and health insurance. In an effort to contain these, our lean budget is actually based on fewer staff hours than we had five years ago. The five communities of Rutland City, Rutland Town, Mendon, Ira and Tinmouth have been steady supporters of the institution but property taxes are no longer a complete solution. Because there is no federal or state aid to the library, fundraising through special events, an annual appeal, an increasing dependence on the Friends of the Library, and other avenues has become essential in order to simply maintain the existing level of service.

The library was born 120 years ago through the dedication of a group of women who believed the community could be more if it had a library. Generations have benefited from this vision and remained committed to seeing it sustained through community and personal support. Birthdays come loaded with history, sentiment and, most of all, hope. This one does too.

Rutland Redevelopment Authority

Charles H. Wilton, IV, Chairman

Matthew T. Sternberg, Executive Director

To the Citizens of the City of Rutland:

Rutland Redevelopment Authority is pleased to present this report on activities during the 2005-2006 fiscal year.

The past fiscal year signaled a period of transition for RRA. After passage of the federal transportation authorization bill, negotiations began with the Vermont Agency of Transportation (VTrans) and the Federal Highway Administration (FHWA) for the launching of the Gateway Rural Improvement Pilot program. The pilot is an assembly of major rail improvements in Vermont's western corridor, including the Rutland Railyard Relocation, that will significantly enhance the region's transportation network. By grouping the railyard project with others as part of a comprehensive system, the whole will become more attractive for funding.

The negotiations to establish the pilot have been lengthy and complex. The project is a pilot in the true sense of the word, testing new methods of project development and funding. Therefore all parties are proceeding carefully. But progress has been substantial. The pilot, with the railyard as a major element, has gained strong support from Governor Douglas and VTrans. The FHWA staff in Montpelier has agreed - enthusiastically - to take a leadership role in administering the pilot. Federal Railroad Administration staff and our Congressional delegation in Washington are also lending strong support. In short, while progress on the ground appears slow at present, major strategies are coming together that will lead to great progress in the next few years.

An important part of the pilot strategy includes economic development along the rail corridor. In the coming year this will include recruitment activity for sites in Rutland, which the state is viewing as the testing ground for what may become a state-wide recruitment strategy.

In May, 2006, long-time RRA executive director Matthew Sternberg announced that he would be leaving at the end of the fiscal year. The RRA Board of Commissioners has undertaken a broad regional search for a successor and hope to have a new director on the job in early autumn. RRA will use this transition as an opportunity to revisit key goals and objectives, especially relating to infill development, and ensure that RRA continues as a leader in redevelopment planning and implementation for the citizens of Rutland and the State of Vermont.

Downtown Rutland Partnership

Mike Gauthier, President

Mary Ann Goulette, Executive Director

To the Honorable Mayor, Board of Aldermen, members of the Special Business District and Citizens of Rutland City:

I am pleased to present this year's annual report of The Downtown Rutland Partnership. This year the Partnership is celebrating its 16th year.

Currently, the Partnership continues with many ongoing projects: such as recruitment of new businesses, offering affordable marketing programs to downtown members, and ensuring the flowers are watered and sidewalks are spotless.

We continue to build on our successes such as the Ethnic Festival, Rutland's largest event, where over 20,000 people attend the two day event and many merchants experience record sales.

Another success— incorporating flowering hanging baskets onto the antique lampposts. By collaborating with a number of organizations, like the Rutland City Recreation Department and the Rutland Garden Club we created a burst of color throughout downtown. Within the last year we were also awarded two downtown transportation grants which enabled us to upgrade the crosswalks and continue with the antique lampposts on Evelyn Street and upper Center Street.

And our biggest success— All Aboard Rutland, a true celebration of Rutland railroad history. Within a few months of introduction, 59 trains were sponsored by our generous business community, Michael's Toys geared up his production run, the artists designs came pouring in... and on April 29th thousands of Rutlanders came out to get the first glimpse of Rutland's talented artists and to celebrate Rutland's railroad history and our community. We have heard so many congratulations from many of you. But I congratulate Rutland! We built them and you came. Throughout the summer months we welcomed thousands of visitors to follow the map and directory that track each of the 59 trains. They purchased official choo choo merchandise and joined us at many of the downtown summer events. The official departure and auction of Rutland's first street art project is scheduled for October 14th at the Paramount Theatre.

As new ideas come about, the Partnership remains focused on servicing its members first and foremost. Our vision is to ensure that Downtown Rutland remains beautiful and dynamic with an energetic economy and healthy community. I am proud to say the number of projects that we produce out of our office continues to grow, while for the third year in a row, we continue to keep our budget level funded. We are working smart and we are working hard.

My staff consists of Tammy English as office coordinator and Mary Kay Skaza as marketing coordinator. As always we welcome your thoughts and ideas.

Please stop by our office anytime at 103 Wales Street or call us at 773-9380 or email us at info@rutlanddowntown.com.

Rutland Region Transportation Council

The Rutland Region Transportation Council (RRTC) provides a forum for the development of regional transportation planning and transportation projects, coordinates policies and priorities with the Vermont Agency of Transportation and promotes cooperation on transportation issues in the Rutland region. The Council is the primary organization for public involvement in transportation planning. The Rutland Regional Planning Commission provides planning, administrative, and geographic information system staff to the Council.

All municipalities in the Rutland Region can participate in the Transportation Council and those with representatives named to the Council may vote on any issues. Meetings are held once each month, normally on the fourth Thursday, in Rutland. All are invited to attend. Questions about the Transportation Council may be directed to the following individuals: Susan Schreibmen, Senior Planner (775-0871) or Richard Baker, Chair (247-6366).

Over the last fiscal year (October 2004-September 2005), the Rutland Region Transportation Council and its staff have worked for improved transportation planning in Rutland County in the following ways:

- Continued to assess the Rutland region's top transportation issues and work to solve transportation problems;
- Worked on projects such as improvements to the Route 7 and 4 corridors, the intersection of Route 7 and VT 103, VT 73, the Pittsford-Brandon US 7 Upgrade and the Rutland railyard relocation;
- Sought Vermont Scenic Byway designation for Route 30 through Rutland County;
- Advised VTtrans on various studies, documents and programs, for example the Elderly and Disabled Public Transit Program, VT Rail Plan, and conformance of projects to the Rutland Regional Plan;
- Assisted towns with culvert, roads and equipment inventories to reduce their local match on bridge and structure grants;
- Conducted traffic counts and speed study analysis in Sudbury;
- Worked with the Rutland Physical Activity Coalition to increase bicycle and pedestrian facilities and programs (including a signed bike network and map for Rutland City, and deed research along a former trolley line for a dedicated bicycle path);
- Helped coordinate the Region's application for the elderly and disabled transit program;
- Began the update of the Regional Transportation Plan;
- Distributed reports, bulletins, and newsletters, and maintained the Council's Web page.

In the current federal fiscal year (October 2005 - September 2006), the Rutland Region Transportation Council is continuing many of these efforts. It is anticipated that the update of the Regional Transportation Plan and Technical Report will be completed, and a model transportation element of a town plan and capital plan for public works will be developed.

Rutland City Cemetery Commissioners Report

Christopher Book, Committee Member

Rutland City Cemetery Commissioners have started the long processes of restoring the North Main Street Cemetery and West Street Cemetery. Years of neglect had led to the overgrowth of brush around some stones and the perimeter fencing. Many stones are down due to vandalism and many more stones need straightening.

With a \$400.00 grant secured through the Vermont Old Cemetery Association for the North Main Street Cemetery, topsoil was brought in to level many of the old graves with new grass planted where needed. The brush has been cleared around the fencing and stones in both the cemeteries. During this work several stones that had become lost over the years were discovered.

This years mowing contract was granted to Vermont Department of Corrections for the season starting in May and ending in October including 13 mowings for the amount of \$1,755.00.

We would like to thank the Mayor for his ongoing support, Grace Congregational United Church of Christ and Don Wickman for raking and trash picking up on Green Up Day, Giancola Construction Corp. and everyone who donated to the fund. A special thanks to Deb Blackwood and the Department of Corrections Court and Reporative Services Unit and work crew for the countless hours they spent clearing brush and trees, hauling it away and going way over and above what their contract called for.

The Cemetery Commission is always researching ways for additional funding to continue the restoration project. We have created a fund to help with the restorations and resetting of the stones. Anyone interested in giving a donation can mail to the Rutland Historical Cemeteries, Restoration Fund, C/O Christopher Book, 44 North Main Street, Rutland, VT 05701. Or if you would like to volunteer your time please contact Tom Giffin at phone 773-3253 or Chris Book at 773-6252.

The Cemeteries gates are kept locked to help prevent vandalism, so anyone wishing to visit our historic Cemeteries is welcome to get a key through the City Treasurers Office or contacting a commissioner.

Rutland Historical Society

Dorothy L. Whitford, President

To the Honorable Mayor, Board of Aldermen and Citizens of Rutland City:

The Rutland Historical Society is open for public use on Mondays from 6:00p.m. to 9:00p.m. and on Saturdays from 1:00p.m. to 4:00p.m. Materials for research purposes are welcomed as additions to the Society's collections relating to the original town of Rutland and its successor municipalities of Proctor, West Rutland and Rutland Town and City. Volunteers meet three times a week to process materials. Volunteer members also assist local and out-of-town folks seeking genealogical and historical information. The Society offers special arrangements for out-of-town visitors and groups.

"Historically Speaking" continues to be shown three times weekly on public access cable television station Channel 15. Subjects presented this year include programs with Jim Davidson and Michael Dwyer presenting the names of Rutland men and women who served in World War II, Monty Butterfield representing the Rutland Railroad Day 2005 and Linda Doty, Chairperson of the Proctor Fall Festival discussing the history of the Railroad and the Proctor "Our Yard" project, Larry Kelley and Jim Davidson discussing the Kelley Family who settled on Creek Road in Rutland in the early 19th Century, a program with Michael Dwyer and Jim Davidson devoted to ten tips for family researchers, Michael Dwyer and Maureen Dobart, Proctor Elementary School teacher and her third grade students in a program about their project "Young Eyes Look At Long Ago Proctor", a program with John Peterson who plays the role of "Sam Slick", Tom Carpenter and Jim Davidson reporting on "The Black Presence in Rutland" before the Civil War, a program on "Rutland's Spring Heritage Activities" (Loyalty Day Parade, All Aboard Rutland, History Days), Mary Fregosi of Proctor in a program entitled "Practicing History", and "West Rutland in the 1920s as Seen Through the Camera Lens of Frank Hinchey".

Other activities have been: Participation in the Halloween Parade in Rutland, First Night at the Asa Bloomer Building, Loyalty Day Parade, visit to the 6th grade at Rutland Intermediate School to present a program on the Rutland home front during World War II, visit with Cub Scouts and parents at the Rutland Town School. Helen Davidson presented a program to the Fortnightly Club on "Tidbits From Then & Now" as well as to the Hexagon Club. A video from Historically speaking was shown to residents of the Meadows. Tom Carpenter presented "Rutland Banks & Banking" to the Mendon Historical Society. Jim & Helen Davidson spoke to the Poultney Women's Club and did a mock trial at the Godnick Center based on the murder case of John Phair. Chuck Piotrowski represented the Society at the Creative Economy public meeting and Jim Davidson attended Castleton State College Career Day sharing a table with Vermont Historic Sites. Meetings also attended were the breakfast meeting of the Rutland Rotary South, the Annual meeting of Rutland PEG TV, channels 15, 20 and 21 and Hubbardton Battlefield Historic Site where Jim Davidson presented "History Is Everywhere".

Robert Cassidy was honored by the Society with a certificate of appreciation and a covered bridge picture at the 2005 Annual Meeting for his valuable contributions to the Society. Robert, a Life Member of the Society is a member of the Vermont Air National Guard and has nearly completed a degree in history at Castleton State College. He is a local and statewide covered bridge expert and has served on the Board of Directors from 2001 to 2005. He has served both his country and the Society with distinction. The Society Web Site "rutlandhistory.com" is a great success with an average of over 20,000 visitors per month. Society Director, Chuck Piotrowski, Ken Wild, Elaine Purdy and Jim Davidson have been working on the development of an online encyclopedia of Rutland History, following the model produced in Cleveland, Ohio. The Committee has prepared a timeline, is working on sample entries and overall design for the Rutland encyclopedia which will include articles on historical topics and biographies from Rutland's history.

The website message board has had a great deal of activity as have the public hours at the Society on Mondays and Saturdays

"Nickwackett Nick" a large squirrel mascot portrayed by Jim Davidson was introduced during the Loyalty Day Parade. "Nickwackett" means "place of the squirrel" and was a great success.

Irish Roundtable Programs were moderated by Michael Dwyer, Rosemary Vandenburg, and Patty Pickett. They were an excellent resource for beginners in family research.

Regional Ambulance Service, Inc.

Paul Kulig, President

Samuel Gorruso, Rutland City Representative

To the Honorable Citizens of Rutland City:

We are pleased to present our 23rd annual report to the Citizens we serve. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for twenty two years. From 1983 to the end of this fiscal year, Regional has responded to 112,448 ambulance calls. This past year, ending June 30, 2006, the service responded to a total of 7,593 ambulance calls in our 12 communities and an additional 823 "Medic One" paramedic intercept calls. Call volume continues to increase. **We commend our staff for keeping up with the increased demand and for providing excellent service.**

We also congratulate Paramedics Clarence Barlow and Seth Osgood for being honored as our "Stars of Life" at the American Ambulance Association's Stars of Life celebration in our nation's capital.

This past year RAS sent a unit to help areas of Texas ravaged by Hurricane Rita. The RAS unit was one of 174 units from around the nation that responded to assist during Hurricanes Katrina and Rita. Our employees provided ambulance and medical care in extremely hot areas for 27 days where, for weeks, there was no electricity and conditions were very bad. We are extremely proud of the services they provided.

With the continued support of the citizens, our employees, and community governing bodies, we have been able to level fund or lower our assessment rate for the past 22 years. Our current assessment rate is \$4.25 per capita and remains unchanged for the next fiscal year. The public support of our Membership program, direct donations, memorials and estate gifts have been vital to our continued success. Thank you for your support.

This past year two new ambulances were ordered to be put into service to replace older ambulances with over 100,000 miles of service on each of them. Equipment for Mass Casualty events was purchased through Homeland Security Grants.

Our motto "Serving People First with Pride, Proficiency and Professionalism" is demonstrated by our employee's commitment to continuing EMS training. Each year our employees have specialized training in Critical Care Paramedicine, Advanced Cardiac Life Support, Basic Life Support, Prehospital Advanced Trauma Life Support, Pediatric Advanced Life Support, Neonatal Resuscitation, Emergency Vehicle Operations, Bloodborn Pathogens and a variety of continuing education programs. Our professional staff is extremely capable and dedicated.

Monthly C.P.R. classes are taught at Regional Ambulance. Last year, through the R.A.S. Training Center, 1,500 people were trained in C.P.R. Tours, lectures, demonstrations, and C.P.R. classes are available for the general public. Thursday afternoons Child Car Seat inspec-

tions are held at Regional Ambulance building. In cooperation with the Rutland County Safety Coalition 439 inspections were completed.

The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please feel free to contact James Finger, Chief Executive Administrator, or your Representative, if you have any questions concerning the service.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors, Administration and employees of Regional Ambulance Service, Inc. will continue working to provide the highest quality of emergency ambulance care at the lowest possible cost to all of the citizens we serve.

Rutland's United Neighborhoods Community Justice Center

Lynne Walsh, Executive Director

**To the Honorable Mayor John P. Cassarino, Board of Aldermen and the
Citizens of the City of Rutland:**

During the past year, the Rutland's United Neighborhoods Community Justice Center has undergone some positive changes. The RUNCJC has relocated its office to 128 Merchants Row, Suite 401 in order to allow greater community access and to expand its services.

The Southwest neighborhood has met regularly throughout the year and is proud of its efforts to clean up the abandoned, contaminated "Hour Mart" property. This was a multi-year project identified by the residents and required legislative changes to be fixed.

This past year, every neighborhood was victimized by an arsonist that caused property damage. RUNCJC held neighborhood meetings to discuss the arson issue and how residents can assist law enforcement with maintaining neighborhood safety.

Each neighborhood participated in the City/State-wide Green Up/Clean Up event to remove unwanted garbage from the streets and public areas. The SW neighborhood continued to meet through out the summer and cleaned up areas identified by residents.

The RUNCJC, in collaboration with the Rutland Police Department, Park & Recreation, Downtown Partnership and many volunteers planned and participated in the 4th annual National Night Out. Many residents enjoyed the free Bar-BQ dinner, music and entertainment. This "good-bye" party to crime offered city residents the opportunity to learn about prevention and social service resources available in the city.

RUNCJC and the Rutland City Police Department, along with many volunteers were able to honor the returning Vermont soldiers with a dinner-dance that featured a turkey dinner with all the trimmings and live entertainment. This event was sponsored by many local businesses with donations of goods, services and cash. February 18, 2006 was proclaimed "Troop Appreciation Day" in Rutland City. Neighborhood residents continued their efforts to prevent stock car racing within the city. Many city residents testified regarding the negative impact stock car racing would have on the quality of life in the city. The Board of Alderman heard the residents concerns and passed a zoning ordinance that prevents stock car racing in the city.

The RUNCJC activities have expanded to include the Adult Restorative Justice Program and the Victim Response Program. The Adult program is designed to hold convicted offenders accountable and provide an opportunity to make amends for their offense to the community. The Victim Response Program has been designed for juveniles and adults who have committed acts that may be of a criminal nature, and have an identifiable victim. If the victim agrees to this process, they participate with the offender in either mediation or Family Group Conferencing to address accountability, remorse, and prevention.

RUNCJC has also received an Offender Reentry Program Planning Grant to explore the needs of the community, crime victims, their families and the offender in order to maintain community safety and support the offender's efforts to be a law abiding citizen.

The RUNCJC would like to thank the neighborhood volunteers and city residents for participating and attending meetings and events as well as the Mayor, Rutland City Police Department, Public Works, Recreation and Parks Department and the Downtown Partnership for their continued support.

Rutland Housing Authority

Kevin Markowski, Chairman - Board of Commissioners

Kevin L. Loso, SPHM, Executive Director and Secretary

The Board of Commissioners and staff of the Rutland Housing Authority (RHA) are pleased to present our Annual Report to the Citizens of Rutland for the 2005-2006 fiscal year. It is with pride and satisfaction that the RHA continues to further its mission "to build healthy, safe and vibrant neighborhoods by creating and offering service-enriched housing options" to those we serve. With that in mind, the Authority focused on the following strategic objectives during the reporting period:

- The incorporation and development of our partner organization Housing Initiatives Inc. led to the acquisition and rehabilitation of our first affordable housing initiative. This fully reconditioned, single family house is now back on the tax rolls and home to a deserving family.
- Working with Rutland Mental Health Services, Rutland Area Visiting Nurse Association & Hospice, Southwestern Vermont Area Agency on Aging, the Vermont Department of Aging and Independent Living and Rutland's extensive network of health and human service providers, the RHA continued to provide supportive services to elderly and disabled public housing residents.
- In January of 2006 the Authority's Board, staff and residents collaborated to complete the HUD Annual Plan for Fiscal Year 2006.
- The Authority worked closely with the City of Rutland, the Rutland Redevelopment Authority and a host of resident and community volunteers to implement planning grants from the Vermont Community Development Program and the Vermont Housing Conservation Board. Thanks to these dedicated organizations and volunteers we are moving closer to the planned redevelopment of our Forest Park Family Housing site.
- Environmentally friendly, energy efficiency measures have been implemented at both our Templewood Court and Sheldon Towers properties. These cost-savings have been a critical priority during times of continued reductions in federal support for affordable housing.
- The RHA has earned "High Performer" designation from the U.S. Department of Housing and Urban Development by scoring 92 out of a possible 100 points in the annual Public Housing Assessment of our management, finances, properties and resident satisfaction.

- For the second consecutive year the RHA has achieved "High Performer" status from the U.S. Department of Housing and Urban Development by scoring 100 out of a possible 100 points in the Section 8 Management Assessment Program (SEMAP).

- Finally, the Rutland Housing Authority has fully implemented our first ever website. The public can now log on to www.rhvt.org to learn more about our facilities, programs and services.

We would like to express our appreciation for the support that the Authority has received from all City Departments and the many agencies that have partnered with us to provide affordable, safe and high quality housing to the citizens of Rutland City.

As always we welcome your comments or suggestions. Please contact the Rutland Housing Authority at 775-2926.

Marble Valley Regional Transit District "The BUS"

Joseph Tilden, Alderman

Lawrence A. Dreier, Administrator

Marble Valley Regional Transit District (MVRTD), generally known as "The Bus" is entering its thirty-first year of providing service to the residents of the Greater Rutland Area. The Transit District is the largest, non-urban, public transportation system in the State of Vermont and, as such, provides transportation to the general public throughout Rutland County, as well as to social and human service agencies, the resort communities and area businesses. MVRTD provides an enhanced level of self-sufficiency for the elderly, disabled, and transportation disadvantaged who rely on public transportation. MVRTD also serves a growing population who is committed to the environmental benefits of public transit use. MVRTD is a valued asset to the communities it serves. System ridership was over 751,000 rides this past year. MVRTD's fleet of 57 vehicles are all lift equipped and fully accessible. MVRTD provides 65 jobs year round, with upwards of 95 during peak season.

MVRTD's transportation service to eligible Medicaid and Reach-Up recipients provided over 40,000 rides this past year. Complementary paratransit services are available to those individuals whose disability prevents the use of fixed route service.

MVRTD's Stuff-A-Bus promotion, in partnership with WJJR and the Salvation Army, will mark its twelfth annual food drive this fall. Last year over ten tons of food were collected and distributed throughout the community to 400 families.

The four fixed routes serving Rutland City provided a total of 243,632 one way trips this past year, eleven years ago these same routes provided 70,981 trips. This service has more than quadrupled and is just a portion of the transportation services MVRTD provides throughout the City and Greater Rutland Area.

MVRTD thanks the residents of Rutland City for their continued support of public transit services.

For more information about schedules and services please visit MVRTD's web site at www.thebus.com.

Agencies receiving partial funding by voters for Fiscal Year 2006-2007

List of Unpaid Tax as of June 30, 2005

The list of unpaid taxes is as it appears on the records of the City of Rutland as of May, 16, 1005 Pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of records as of April 1 of the year preceding the tax year as shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individual may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest and penalties.
